Disappointing season

Bufs lose final two games

The final two league football games were on the road for the Madras White Buffalos. On October 28, they traveled to Estacada to meet the Rangers on their home field, and the trip was not quite as well as they would like to have expected.

The Estacada Rangers outlasted the Buffalos to win the game 14-6, in a close game. The breaks went toward the Estacada team as they were able to contain the Buffalo Drives all evening. A couple of times the Buffalos were on the move when something would cause them to stall and give up the football. The game could have gone either way but just some bad breaks for the Buffs gave the win to Estacada.

On the evening of November 4, the Buffalos traveled to Galdstone and dropped the final game of the season on a disappointing 39-0 score.

The first half the score was 7-0, but in the third quarter the Gladiators went on a scoring spree collecting 23 points in that quarter. They added 9 points in the final quarter ending a very disap-

pointing season for the Buffs who made their debut in the Tri-Valley League. The win for the Gladiators of Gladstone put them into a 3-3 in league play and 5-4 over all for the season. The loss for the Buffs put them in a 1-5 league standing and 2-7 overall. A lot of early injuries and a lack of depth in each position were key factors for such a disappointing season.

Four games in a row for the Madras White Buffalos were with teams rated in the top ten in the state this fall. They were The Dalles Indians, Central Panthers of Monmouth, Sherwood Bowmen, and the LaSalle Falcons. Its pretty tough to win a game playing teams in that class. At times the Buffs held their own and looked pretty good to such a good team, but there was always something that went wrong and the opponents would have a run away and build up the score.

Now that the Buffalos gotten their feet wet in the new league perhaps next season may be a much better one.

December elk hunt planned

The Department of Natural Resources will be accepting applications for 75 antlerless reservation elk tags through November 29, 1994.

Originally, the tags were to be issued to those tribal members who optioned not to hunt bulls. However, only a few tribal members signed up for this hunt.

On November 7, the Fish and Wildlife Committee decided to open the 75 tags to all tribal member families. So, even if a family harvests a bull elk, the hunter will be eligible for this drawing and if selected, will be able to participate in the antlerless hunt.

The antlerless elk season will run from December 1 through December 9, 1994.

Also, for those who are not drawn, the department has 352 ceded area antlerless elk tags available on a first come, first serve basis. These tags will be issued beginning at 8 a.m. November 18 at our new natural resources office west of fire management.
