Tribal member shares poem SPILYAY SPEAKS

GAMING ISSUE

Now that the gaming situation is pretty well underway here in Warm Springs and the temporary facility will be opening to the public, we will see what happens.

With the gaming issue that seems to be very popular in Indian country today makes me wonder what's in store for the whole thing in the near future. I don't think we should dwell on the gaming establishment as a true source of income. Even though it may prove me wrong. I still feel we should not stop exploring for other sources of income for the Tribes.

Anytime someone makes a comment like this they usually have some sort of an idea what might be worth looking into, or some idea of what may be a good money-making ven-

ture. But at this time I can't offer any kind of suggestions on what might be a good project it investigate.

One reason for my thinking the way I do is because there are so many Tribes within the state who are looking at going into the gaming field that there will be plenty of competition among all the tribes. I'm sure the non-Indian population would like to get their fingers in the pie also, or to try to prohibit this kind of business. Yep! I'm sure that people are trying to find ways to drain funds out of all the gaming establishments in the state.

Also I would like to suggest to the local people that this is not for us to spend all our money at the gaming center. We don't need to feel obligated to patronize the establishment. The funds many people have are just what it takes to run the family for the month let alone go gamble it away.

Well no matter what the outcome is, if I'm right or wrong we should look out for what we have.

The 1995, rodeo season is once again upon us and cowboy and cowgirls were out in full force as indicated at the annual spring rodeo here in Warm Springs. Normally referred to as the Root Feast rodeo. The open show drew many of the top cowboys and girls from through out the Western states both Indian and non-Indian.

Rodeo's will be popping up all across the country where competitors will be on the road for the rest of the year. Yep! The rodeo one of the roughiest sports in the world where there are no guarantee's of any kind of income, just what's won in the arena. All contestants have to provide their own transportation from one rodeo to the next. All contestants have their own special events they work at each show. There are those who compete just in the rough stock events which include barebck, saddle bronc and bull riging. There are those who choose to compete in the timed events where they race against time in the calf roping, team roping, steer wrestling and wild cow milking, and for the girls it's the barrel race and at some rodeo's they have the breakaway roping for the girls. There are some girls that compete in the team roping and do quite a good job at it.

All season long the competitors build up points in their special event and at the end of the year the ones with the most points qualify to compete at the National Finals Rodeo. They have to earn their way to the National Finals by competing all season long. This is one sport where people can't jump up with entry fee and enter the National finals. Yep! It's a long tough road to get to the National Finals for all

the cowboys and cowgirls. There are about ten regions throughout the United States and Canada where contestants compete all season long and being on the road from week-end to the next and it gets pretty tiresome as the end of the regular season comes. Many miles are coverd every year for all

Here soon the Tywama All Indian Rodeo will be held in Tygh Valley, Oregon, where the show is sactioned by the Western States All Indian Rodeo Association (WSIRA). All contestants must pay there: dues to the WSIRA prior to compete in order to have their points tabulated toward the finals in the fall. In the past the second WSIRA sactioned show was the Treaty Days Celebration at White Swan, Washington, the first part of June, than the Pi-um-sha Treaty Days Celebration here in Warm Springs around June 25th. Following are shows in Washington, Oregon, California and Nevada.

For several years the Indian National Finals were held in Alburquerque, NM. But last year it was moved to Rapid City, South Dakota. Yep! It's a long tiresome road to the National Finals each year but to some, "It's Happy Trails."

Elders had a "good time"

The Senior Citizen Program in Warm Springs received many thank you cards and letters from elders who visited Warm Springs for 1994 Honor Seniors Day. There were many thanks for the wonderful food, experience of laughter and sharing, and warm hospitality. There were too many for the Spilyay to print, but here are two:

Elders need our love & care

To the editor,

Hello from Pastor Rick. Well, did you have a good Easter? We had a great time at the Presbyterian Church. Good food, great Worship, eggs, candy and piñatas. WOW, what an

Well, I want to share a concern that I have with the people of Warm Springs. The issue is Elder Abuse. Sometimes our Elders are not having the best time in their "golden years" of life. The abuse is not only Elders who are being hit by someone. But Elders who are being bullied with words to do the will of someone; for money, food, a place to stay, etc. All of this an Elder can give freely, but is it right that it be taken from them by friends or relatives? The Bible is full of wisdom of caring for the Elders. The abuse is also indirect. An Elder

who takes care of a lot of children will eat what the kids eat. They will get some rest only when the children will let them rest. The body of an Elder is different from kids. Their body has different needs for living.

Another form of abuse is not talking back to an Elder. I know I will catch some words for this statement but sometimes we must talk back against an Elder who will not eat right, or take their medicine on time. We must push with loving and firm words of their needs for life. One finally reminder, our Elders need someone to talk to them and to listen to them. Not about the bills, or who is sick, but about their dreams and ideas

and feelings. See you in church. HE is Risen Pastor Rick Ribeiro WS Presbyterian Church (on the campus)
