Kalama family reunion set for July 14, 15, 16, 1995

by William Moses

Once again the Kalama family of Indian and Hawaiian descent will be descending into the township of Kalama, WA on July 14, 15, 16, 1995. Since the last reunion, June 1993 proved to be educational, successful and memorable, we are planning to host another gathering where there will be more in attendance than the last function.

Many of the Hawaiian families have expressed to have this one at this location, for this township was named after the man called John Kalama, a prominent full-blooded Hawaiian native. This story beginning at or around the early 1800's when Kalama had ended up in the area of the Pacific Northwest, Puget Sound area. Although there are several different stories leading to the vast many reasons why or how this Hawaiian native first came to this region and settled down and never returned to his homeland.

Kalama was only one of many native Hawaiians who ended up staying and settling down in the Pacific Northwest. Most of all these native people were prominent and well-respected throughout these areas, for there have been townships, rivers, streets, valleys and variety of regions named in the memories of these people.

Kalama, WA is located along the Interstate 5, North and South freeways that extend from northern Washington on to southern California. The community of Kalama is located in the Cowlitz County of Washington state an located approximately 38 miles north of the Portland/Vancouver metropolitan area.

The city of Kalama holds an Annual Kalama Community Fair which is held at or around the second weekend of July. This year the community fair board, city council and the chambers of commerce have agreed with the planning of the 1995 Kalama Family Reunion to be held during their weekend event. The theme for this year is titled, "Kalama-Sharing of Family Tradition" and will also include a variety of community activity, parade day, traditional county fair, exhibit booths, food booths, but no carnival rides. A raffle drawing is currently underway as to raise monies to help off-set the costs for camping fees and a Hawaiian Luau. The raffle drawing features a 1964 Ford Pick-up, 1/2 ton, good running In-

dian truck and a 3-day, 2-night trip for two to Reno, plus various other prizes. These tickets are currently on sale now and costs only \$1 each. Need not be present to win and will be held on Sunday July 16 at the Kalama Family Reunion Luau.

These are the following people who have tickets for sale: Danny Martinez, Dorothy Shadley, Jackie Kalama, Merle Kalama, Bridget Culpus, William C. Moses, Edna Gonzales of Warm Springs. On the Yakama Reservation: Jessie Hill, Quinault Reservation: Sue Kalama, Nisqually Reservation: Carmen "Bootsi" Kalama, Southern California Carolmomi Evangelista and the Hawaiian Awareness Education Center of the Portland area. If there are other people out in the community who wish to help with sales or wish to donate prizes for raffle, please contact William C. Moses, PO Box 550, Warm Springs, OR 97761.

There will be many people stopping along this busy interstate highway and there will be many different families hosting gatherings in this area.

Some of the activity which is to be scheduled with the Kalama Family Reunion will include traditional dancing of both Indian and Hawaiian cultures. Many of the families who have expressed they are wishing to attend this function will travel from the several Islands of Hawaii, California, Oregon, Washington, Utah, Colorado, Georgia, Nevada and possibly the Canadian areas. The Hawaiian families will also be traveling to surrounding Indian communities to see or visit the Indian families, so don't be surprised if you see visitors strolling around our communities. This will focus on the historical events of the early years and will be very interesting to seek the genealogical research studies each families, will be bringing to this gathering.

There are over 4,000 Kalama's in the world. I was told there are possibly over 7,000 Kalama's most are still seeking the lineage of bloodlines and relationships.

I am hoping to get this function video documented for the purpose of educational usage for our future people to be known that no matter where people come from that people are generally related somehow or another. This isn't here to focus on alienating people against people, but to show that natives of foreign or

distant lands are usually related with other native people somehow or somewhere. But also that both cultures of Indian and Hawaiian people are also similar in beliefs, traditions, cultures. I was contacted in the month of March to do an interview for the Northwest Native Show, which will televise on cable television in the Oregon, Washington, Hawaiian and Montana area.

The number of participants currently are unknown at this time but I would only guess that it will not exceed the amount of our limited resources or sources. I do know this does take a joint effort and I have had the number appreciate their time and patience that this will prove to be another successful gathering.

The next tentative family gathering was suggested to be held somewhere on the Hawaiian Island and will be focus on being a Luau/Powwow.

District 509-J Applies for Impact Aid Funds

Jefferson County School District 509-J recently submitted its 1996 (FY96) application for Federal Impact Aid Funds under Section 8003 in Title VIII of the Elementary and Secondary Education Act of 1965 (formerly P.L. 81-874). Funds received under this program are in lieu of local

property taxes that would be collected if the properties were not exempted by the Federal Government. These funds are included in the District's general fund budget and are used for regular operating purposes. The law does not designate any specific expenditures from the entitlement, however some restrictions are placed on funds generated by enrolled students with disabilities.

Changes made in the Impact Aid regulations during 1994 have caused the District to no longer qualify under some of the formerly funded categories. The FY96 application was based on education services that are provided for students in only four categories.

Total District enrollment on the September 30, 1994 count date was 2929. The current ethnic report indicates the following percentages of enrollment by group: Caucasian-45%; Indian-36%; Hispanic-18%; Other-1%. The District received \$2,657,735.17 for the FY94 Impact Aid application and so far this school year, has received 85% of that amount for the FY95 application.

Any individual may review or receive a comp of the entire application by contacting Jim Kanoff or Gail Stone at the District's Support Service Building, 445 SE Buff Street, Madras, OR or request by telephone at 475-6192
