### Parent expresses opinions

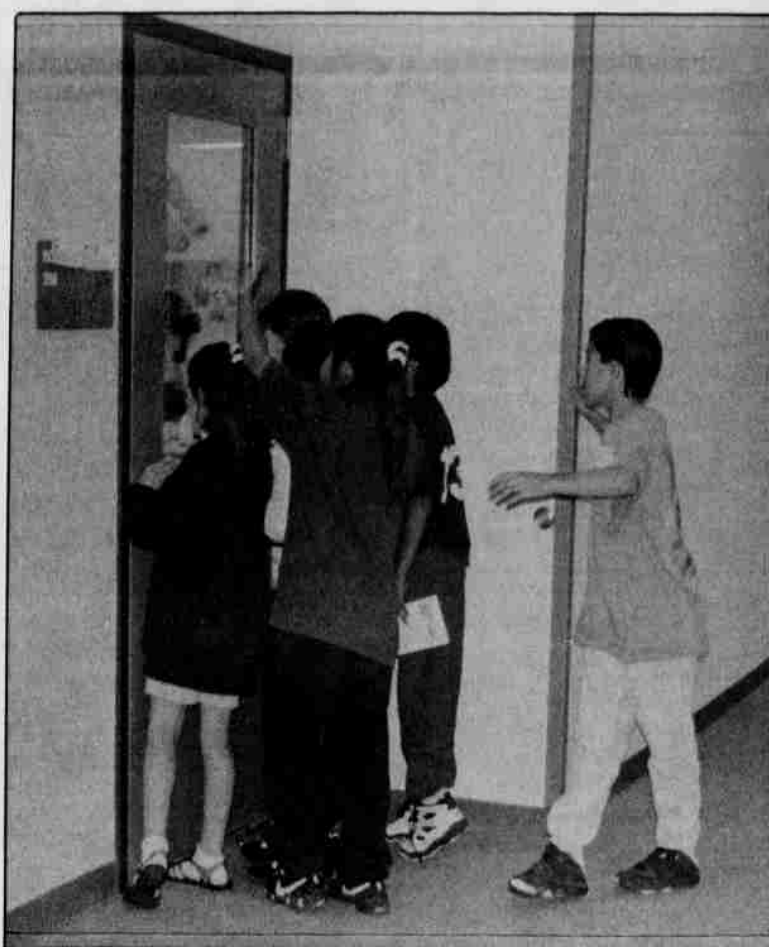

continued from page 7

Indian children are being treated at the Middle School in Madras. Not all Native American children belong to gangs. In complete darkness, our children are equal to those who go to bed on the other side of the bridge. I know of two teachers so far at the middle school (both Ms. S.) who could use a course in culture awareness. I'd like to invite her down to Pi-Ume-Sha, and perhaps to stay with a family on the reservation over the weekend to see that we're not in a cage "down here", but live on this reservation as a people. I refuse to stand by silently while verbal, physical and mental abuse continues at the Madras Middle School.

If you're having similar problems, or would like to share a past negative experience that occurred at the Middle School, please contact me: PO Box 34; Warm Springs, OR 97761 (541) 553-6835 (msg. phone).

The undersigned names concur and support the views and opinions stated in this letter, and urge the WS Education Board representatives to act promptly.

All fourth grade students in Jefferson participated in a tour of the Jefferson County Middle School in preparation for their fifth grade year in school. It was part of the community help day in Jefferson County. The eighth grade TAP group decided it would be a great help to show the fourth grade students the Middle School.

### Thanks for everything

To the editor,

On behalf of our family, I would like to tell those who gave words of comfort, prayers, songs and help. Thank you very much.

Even tho we're a big family, one of us is gone and we will miss her so much. All our children are precious to us. We appreciate everyone who came to be with our family during our loss.

To my family, I want to say "we've been through some hard times and together we got through it". We must remember how precious we are to each other and treasure each moment together. Love all of you.

Love,  
**Myna Ferguson & kids**

### Budget cuts affect gopher trapping

Due to recent budget cuts, Forestry Development will not be training new Tribal members for trapping for the 1996 season.

The prerequisite for receiving a trapping contract was a 40 hour on-the-job training workshop in a field setting by a professional trapper.

Also, for 1996 all trappers are required to have automobile and liability insurance of \$200,000 prior to start of work.

If you have any additional questions, please contact Tom James, Project Coordinator at 553-2416 ext. 153.
