

E Coosh EEWA: The way it is

SPILYAY SPEARS

The studded tires are now legal as the winter weather approaches as the days are getting shorter and colder. At the present time the weather is not in a critical situation as there is a lot of sunshine and clear skies, it looks like no one is excited about changing to studded tires.

Last year the weather was in a similar condition but changed overnight and caught many motorists in a bad situation and panic struck everyone and they

So far the mountain pass have been passable and clear, just rain coming down, but soon it will be all snow

After all the poll have closed on Tuesday election night measure 51 was passed as most voters were not in favor of recalling that measure, and it looks like Doctor assisted deaths can be for certain. As it goes Oregon is one of the first states to allow this to happen. Lets hope that the voters are well aware of what they have done.

Saw and article in a magazine about this same matter where in Australia they voted this in and after a while they were sorry they did, as they ran into all sorts of obstacles and confusion as to where they were sorry they did this

There are some people who wonder, who really has the right to decide the fate of one's life even if he is in a critical condition. They believe that if a person is given a life he should use it to its last in one's life, no matter what the situation is.

There are all sorts of theories on this and some come from the Bible and some from philosophers, but no matter where they come from a life if a life and a person has only on life in a lifetime.

November 11, is Veterans day and some people are saying "Hooray!" no work on that day. A day to stay home and relax. Well in a past edition of the Spilyay Tymoo, I expressed my opinion on what I used to think of Veterans day and I used to say, "All right, " no school.

Well that was until I found out what it was like and why people pay tribute to the Veterans. And Veterans pay tribute to friends and all those who paid the supreme sacrifice on the battle field.

On Veterans day there will be a lot of Ceremonies regarding all those men and women who never returned from the war zone. And there will be many Veterans who will be visiting the Vietnam wall and other war memorials of other wars of fallen buddies and friends.

The price is so high where today many of the younger generation don't quite understand why we honor the Veterans. The lives that were lost fighting for the freedom we enjoy today.

Many Veterans still have bad memories and flashbacks of the times in combat. They will never get over this no matter how long it takes of seeing friends killed in battle. That's why the Veterans do need some recognition and respect on Veterans day. AHH-ChI-TOON!!!

Special thanks to MCH

I would just like to take this time to say a special thanks to the Maternal Child Health program for offering the baby board making class. Everyone knows the importance of the baby board but, I know that there are some of us of the younger generation that don't know exactly how to make a baby board or the importance of the baby board's history. We then rely on our mothers or grandmothers to make the board and never learn anything about the history.

The Warm Springs For-

ment extension they want.

Luckily with this class I com-pleted a baby board for when my baby arrives and have learned more about the history of the baby board. All of the materials were provided and sponsored by the CHET, Maternal Child Health, and Healthy Na-

tions programs, so you did not have to worry about purchasing anything to attend the class.

Arlita Rhoan did an especially exceptional job in teaching all of us attending the class. She more than willingly shared her wisdom and taught us some of the history of the baby board and even taught us some traditional lullabies. Also, there to lend a helping hand was Lolly Jackson and for moral support Barbra Ibrahim. The are both employees of the Maternal Child Health program. I would just like to let each of them know that I am very thankful for each of their contributions made to the class. I am very glad that I took the time to take this class. I encourage all expecting mothers young and old to attend the class in the future.

Heartfelt thanks to all

Our family would like to thank all the people who have supported us in the loss of our loved one, Dale N. Warner. We were not prepared in even the smallest way for his untimely death.

To all the friends who helped us with the arrangements, provided food, and brought flowers, a big thank you! It really touched our hearts to see so many people who cared about him all coming together for his sake. The community embraced our family and provided us with support and

empathy. We would like to thank Wilson Wewa, Jr., Stoney Miller and Ellen Thompson for their encouraging words to us all, Robert and Marella Sam & family for all the love and support you gave to our family, Doris "Teeny" Miller and Ramona "Teddy" Tanewasha for the things you provided for our family, Bernice and Nadine Mitchell for the outfit you made for his dressing, Alex and Phyllis Tohet for the food you helped prepare, the inmates who helped in

the kitchen, and all the friends, cooks, singers, hunters, drummers, speakers, dancers, helpers, the Shakers who prayed for us and our wellness, all his friends and "extended" families he made while he was here.

If we missed anyone we are sorry and it was not intentional and we are thinking of everyone.

Dale was a person with a big heart; he was a person who never said no to anyone in need, he was very compassionate and caring. He loved his daughter more than anything else, and our family will always remember all the good times and memories we were able to share with him. He may be gone, but he will never be forgotten. He touched each and everyone of us at some point in our lives. He was a Son, Brother, Father and Friend to us all. And one day soon we will see his smile again. We all just need to be strong and believe in the Lord.

With heartfelt thanks to all. The Warner Family & His Angel Baby
