The Indian Warrior, The Veterans Corner

Life After War For Some Veterans

DEATH; Through the experiences in Vietnam we veterans developed a new slant on life because we so often saw a new slant on death. How could we ever tell someone about death who had never seen it the same way we had? Their REAL enemy in Vietnam was a real master of death, and we never knew who he was.

While in 'Nam we tried to understand their enemy as much as we could in order to fight him, and protect ourselves. We were always trying to figure out what kind of weapons and tactics he could use against us, but there was one thing we knew about him ALL the time...he wanted to kill us. The only problem is, we had the wrong enemy picked out. We thought it was the Viet Cong or NVA but Satan was the real one. Satan, the master of clandestine operations, had us fooled, but now there's a flare in the night and he's been exposed to the light.

It has been said that once you've been to war you always know the sound of devil's footsteps, and they are always right behind you. In the 'Nam Satan was out prime enemy. He sought our lives and very souls through drugs, prostitution, and his main weapon against us was death. With this weapon (in the hands of the communists) the devil held America's attention for over a decade.

We need to see that the war is not over because the same enemy is attacking our very lives today, and Post-Traumatic Stress problems such as flashbacks, nightmares, depression, and anger, do not come from the Vietnamese. They are

thousands of miles away! These "symptoms" of Vietnam are ambushes and artillery barrages fired at us by Satan. Satan's most awesome weapon is the threat of DEATH that he hands over us, and it seem like no matter what we do, there it is ...death, and there is no way to win.

WINNING; But there is something you need to know as a soldier. If you do as instructed you will have Satan in your kill zone, and the daily victories will be yours, not his. First you need to know that there is a real war going on, RIGHT NOW! God wants to save you, and the devil wants to destroy you. It's a battle of life and death, and the best news is that YOU get to chose to win or lose. You have the freedom to chose which army to be in, Satan's (the losing side) or God's (the winning side). They are both volunteer armies and you get to enlist in one or the

other. THERE ARE NO CIVILIANS, YOU ARE IN ONE ARMY OR THE OTHER ALREADY.

If you chose God's army here is what you need to know. God sent His son Jesus Christ, to die for our sins, so that man could see Him rise from the grave completely victorious over death. Yes, after Jesus died He came back to life and put an end to Satan's reign of death. When we join God's army we join with Him in having eternal life. To stay with Satan is to have eternal death. It's all volunteer, and your choice entirely.

Here's how you enlist into God's army:

Pray this Prayer; "Jesus, you're my Lord. I'm a sinner, and want to be in your army. I need you to save my soul, and recognize that you died on a cross to wash away my sins and I ask you to forgive me for serving in the wrong army until now. I give myself to you, and call on your Holy Name, Name above all names, Jesus Christ to save me from sin. You are the King over my life forever more. Amen"

All Warrior Memorial Stone for the Vets

The All Warrior Memorial is still shaping up and the prospects look very favorable of getting the project on the move. There has been meetings and discussions on this with various committees and interested groups on the location and it's purpose;

There are three top priority locations at the present time and the number one spot was at the Museum, the No. 2, was at the Pi-Um-Sha grounds and the No. 3 spot was adjacent to the court house on the campus. There were other locations

such as Cheap Skate Hill and some other locations but they were just too far out of place.

Just a short up-date on the All Warrior Memorial stone, honoring all those men and women who served in the Armed Forces of the US.
