The Indian Warrior - The Veterans Corner

Veterans Chemical Addictions Rehabilitation Service

Department of Veterans Affairs

The Chemical Addictions Rehabilitation Services (CARS) at the Vancouver Division provides a range of psychological and rehabilitation services to eligible veterans with problems of alcohol or drug abuse.

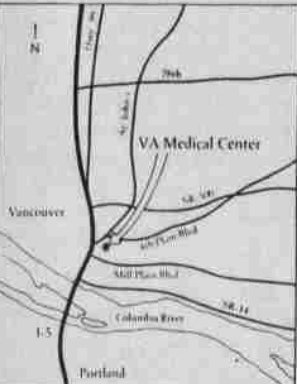

How To Enter Treatment

To apply for admission, the client should sign up at the Visitor Information Office in the Vancouver Division of the VA Medical Center located at Fourth Plain Blvd. and O Street, from 8:15 am to 4:00 pm, Monday through Friday.

The outpatient evaluation typically consists of four meetings over a one week period and provides and introduction to the recovery process for the client as well as an opportunity for staff to evaluate an individual's particular situation and the staff's assessment of his treatment needs.

For further information call the visitor Information Center at: (206) 696-4061, ext. 3510 (from Wash.), or (503) 220-8262, ext. 3510 (from Ore.)

CARS Intake staff: (206) 690-1841, or (503) 220-8262, ext 3588

From I-5 Northbound & Southbound, take Fourth Plain Blvd., Exit 1-D

Recovery is both a personal and a social process...requiring commitment from you and support and assistance from others to make it work.

Residential Treatment Program (RTP)

This is a 28 day inpatient

Speaking about yourself and others

Apology given

To the tribe: I would like to apologize to the community of Warm Springs and the Culture and Heritage Language Program staff for the damage I caused during last summer of 1997.

I feel really bad because my grandma Nina Rowe started the Indian and Culture Language program. She told me how important saving our Indian Language is so we can continue learning our language.

All of our customs are in Indian, our Indian Language. If we do not learn our Indian Language it will be hard to learn our customs and traditions and our Indian Life.

This will never happen again, I learned my lesson.

Richard Rowe IV

therapeutic community designed to help patients develop and maintain a chemically-free lifestyle. To accomplish this, veterans attend regular group therapy sessions in which they are encouraged to examine their feelings, behavior, and attitudes, and to practice alternative ways to handle difficult situations without resorting to alcohol and/or drugs.

- \* The Disease Model of Chemical Dependency
\* Recovery Principles
\* Relapse Prevention
\* Stress Management
\* Assertiveness
\* Rational Emotive Therapy
\* Alcoholics Anonymous
\* Narcotics Anonymous

One-to-one counseling and individually designed treatment plans are an integral part of the program and are provided by an assigned member of the professional staff.

Outpatient Treatment Program

The Outpatient Treatment Program is a continuing care component of treatment. Veterans enter this program following completion of CARS Residential Treatment Program or another residential treatment program.

Veterans involved in the Outpatient Program are expected to attend weekly Alcoholic Anonymous, Narcotics Anonymous or other approved abstinence-oriented support groups during the initial phase of the program in order to establish a peer group of recovering individuals.

The Family Program welcomes significant people in the veteran's life to obtain guidance and support concurrent with their veteran's recovery.

Antabuse, and alcohol antagonist, may be prescribed as an adjunct to treatment at the veteran's request while(s)he is actively involved in treatment.

Halfway Houses

Veterans who complete the Residential Treatment Program and who have demonstrated a clinical need for an extended abstinence living situation while participating in outpatient care may enter a community-based halfway house with VA support up to 60 days; or may enter a VA.

'Class of 45' for the Older Veteran

This is a long-term specialized program for veterans age 55 and over who are seeking treatment for problems of alcohol or drug abuse. The 'Class of 45' Groups are held during the day.

Budget and recreational activities

Budget meeting set

On Monday, March 30, 1998 at 7:30 p.m., Jefferson County School District 509-J will hold the second public Budget Committee meeting for the purpose of receiving the Budget Message and Proposed Budget Document for fiscal year 1998-99.

The meeting will be held in rooms 12-A & 12-B at Madras High School, 390 SE Tenth Street, Madras, OR. The public is welcome and encouraged to attend.

If you have a disability, please advise Gail Stone at 475-6192 about special arrangements that may allow you to fully participate in this Budget meeting.

The goals of the 'Class of 45' program include support for continued abstinence from alcohol/drugs, the sharing of support, socialization and historical experience, motivation to increase levels of activity and the sharing of problems common to this age group.

The program is distinctive in several ways to address the special needs of this population.

Group social/recreational activities are a part of the treatment program. A weekly support group is offered to the significant others of the men enrolled in the 'Class of 45.' Home visits are made to participants who are absent, ill or in need of individual contact.

Family and Significant Others Program

CARS recognizes the debilitating impact of chemical dependency on those in contact with the dependent person as well as the family's role in the recovery process. Therefore an array of services is offered to the families and friends of veterans who participate in our programs.

- \* Accompanying the veteran during the pre-admissions process
\* Educational groups to learn about chemical dependence and its impact on the family.
\* Concept groups (i.e.) assertiveness training, stress management
\* Women's treatment groups
\* Couples or family review and counseling meetings.

Psychiatrically Impaired Substance Abuser (PISA) Program

PISA is a long-term outpatient treatment program for veterans who have both substance abuse and psychiatric problems. It is designed for veterans who have major mental illness requiring treatment with prescribed psychiatric medications.

Patients currently active in VA psychiatric programs may be referred directly to the PISA Assessment Group meeting held Mondays, 10:30 am to noon on Ward 30, Vancouver Division.

Alcoholics Anonymous Portland Intergroup: (503) 223-8569

Narcotics Anonymous Portland Hotline: (503) 233-2235 Vancouver Hotline (206) 573-3063 Cocaine Anonymous Portland: (503) 256-1666 Portland Alanon: (503) 292-1333 Vancouver Alanon: (206) 693-5781

Individualized treatment planning

Please return photo

I submitted two photos of my sister (Lana) and daughter (Reina) to Spilyay Tymoo for publication in the last issue. I recently returned to retrieve these photos only to learn that one photo was stolen (almost immediately). This was a special one-of-a-kind photo, taken by a professional photographer at the Pendleton Roundup years ago.

This is not the first time our family had photos stolen from the Spilyay Tymoo office, which prompted me to write. Thief, I'm trying not to think of you as sick or twisted-just please, please, PLEASE return my photo...anonymously if you wish, or, I can make you a copy...just please return my (original) photo. I know the Spilyay Tymoo staff feels badly about this loss, I just wish I would have been notified when they knew this incident occurred.

Mina J. Shike

Farm Service Agency offers news for March

Farm Service Agency offers the following information to local area farmers and ranchers for the month of March.

Service Center Decision

The decision has been made by the State Food and Agriculture Council to co-locate our present offices in Madras and Prineville to Redmond. Our office will keep you posted of the opening date for our new Service Center location in Redmond.

Report Farm Changes

Farm operators and owners are reminded to report any farm changes to this office as soon as possible. This includes all land changes such as buying, selling, leasing or share cropping.

Accessibility to Disable Persons

USDA-Farm Service Agency programs are available to all eligible, interested persons, including those with disabilities. Special accommodations will be made upon request

for those with disabilities, vision or hearing impairment. If such accommodations are necessary, please contact Cameron Kirsch at 475-3869.

Payment Limitations

Certain program benefits may not be provided until "person determination" and "actively engaged" determinations have been made by the county committee. For this purpose, all producers are required to submit a farm operating plan on form CCC-502 prior to receiving payments.

Loans for Farms

FSA lends money and provides credit counseling and supervision to eligible applicants who operate family sized farms. Several types of loan programs are available. Under the Guaranteed Loan Program, FSA guarantees loans made by conventional agricultural lenders for up to

95 percent of the principal. Farmers interested in Guaranteed Loans apply directly with a conventional lender, who then arranges for the FSA Guarantee. Direct Loans, which are made and serviced by FSA are available to those unable to qualify for either a conventional loan or an FSA guaranteed loan.

Direct Deposit

The debt collection act of 1996 mandates that federal payments made after January 1, 1999 shall be made by electronic transfer (Direct Deposit). Currently, any producer or vendor who first becomes eligible for a federal payment after July 25, 1996 is required to receive that payment by means of direct deposit.

Celebrate children

Continued from page 1

I can attend community meetings and raise concerns about children's safety. I can coach a t-ball or little league team, or a youth basketball team.

I can urge Tribal Council representatives to support programs that serve families, youth and children.

I can volunteer time at a school, supervising the playground, lunchroom or hallways.

I can make sure that my child does not have access to any type of gun and that they understand the dangers of guns.

I can demand that store owners in our area not sell alcohol, cigarettes or chewing tobacco to minors.

I can hold a yard sale and donate the proceeds to a youth group or organization that works with children.

I can volunteer to be a f-H leader and get involved with kids in an organized club.

I can invite a teenager to accompany me twice a week on my evening run or workout.

I can make sure that my child is up to date on their immunizations, and encourage others to do the same.

I can volunteer time with kids in the Recreation Program at the Warm Springs Community Center.

I can make sure that my child attends school and is on time everyday.

I can organize a clothing drive for children in need and encourage my children to donate some of their toys to another child or to the group home.

I can raise or give money to sponsor a child for a week at camp.

I can become a private child care provider and care for children in my home, during the day or after school.

Why isn't there participation

To the editor,

Just a few short words for those of you Agency District voters. In the event you were not in attendance at the Tribal Council elections, you still have the advantage to do a write in candidate ballot.

The number was few, and it is understandable why the tribal members do not wish to participate in this affair. The issue was rather obvious and the control of the meeting was lapsed.

Perhaps not so bleak, was individuals in our past tribal council, Christine Tom, Harold Culpus, Chief Simtustus, Chief Kalama. Individuals who truly worked for the better of the tribe, not just words to make noise.

Please do your tribal membership duty and vote. Most of all if the candidate don't seem like they can do the job, write in your best choice.

Sincerely, Lucy Suppah Tribal Member

April is just around the corner and with it comes the Annual Spring(s) Cleanup Plans are currently being finalized for this year's project. For more information call Housing at 553-3250
