Please watch your speed

Parents & community members: Please be cautious, observe the 15 mph speed limit in front of the school, and talk with your child about looking for cars before crossing the street. We've had a few close calls with children running out in front of cars and people driving too fast in front of the school.

Want to make your child's day? Find some time to drop by the school to eat lunch with your child or volunteer to read a story to the class. Check with the teacher or office for details.

audience.

Reading Tip Your child is reading aloud to you and comes to a word she doesn't know. Should you ask her to "sound it out"? Not always, since this interrupts the flow of the story. It's also frustrating for kids. Instead, wait a moment-then call out the word yourself. It's more important for her to enjoy the story.

The number of bus referrals for inappropriate behavior has been rising. Please help your child make it to school safety by reminding them of ... the motto our school lives by: Back to the back of the seat, Nose and toes to the front of the bus.

Thank you for your help!

What type of new business do you feel is needed in Warm Springs and

Mary Sando-Emhoolah, "The businesses I'd like to see for our community are all of the services we utilize, Banks, Dr.'s, Car Dealerships, Shopping Centers Etc. We could further simplify our lives by having these services available locally and provide more job and business op-

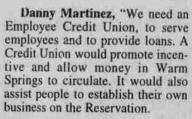

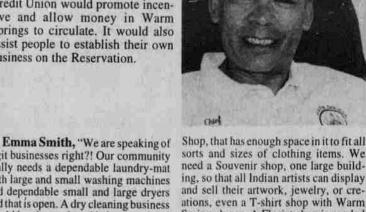

Carol Stevens, "We need a Bank, so that we are able to cash checks and do all our banking needs without leaving Warm Springs. With over 3,300 people in Warm Springs, we need to keep and circulate our money on the Reservation. Going to Madras is always so time consuming

Roger Stwyer,"We need a car dealer (DMV licensed). Everyone drives a car but must travel and spend time searching for the car to buy.

An insurance agency would be beneficial. A store, Post Office, and child care is needed in the Simnasho area. More businesses geared towards younger people. Such as a bowling ally, (quality) Pizza parlor, theater, and music/stereo store. Whatever money we spend Off-Reservation, a potential market exists here on the Reservation from those businesses. Also, we need to start developing elsewhere besides in Warm Springs. Perhaps Miller Flat or Sidwalter areas. The money earned here should be spent here, benefiting the community, rather than lining others

legit businesses right?! Our community really needs a dependable laundry-mat with large and small washing machines and dependable small and large dryers and that is open. A dry cleaning business would be nice, to be added on to a local laundry-mat. Our young people need a building to hang at, a place that has their kind of music, pool tables, video machines, snacks, a place to mingle and hopefully this will help them stay away from hanging at places like partying parking lots or party houses. Their place should be a Tribal Enterprise that hires only responsible young adults, plus it needs to be located within walking distance. We need a large Consignment

sorts and sizes of clothing items. We need a Souvenir shop, one large building, so that all Indian artists can display and sell their artwork, jewelry, or creations, even a T-shirt shop with Warm Springs logos. A Florist shop is needed with all outdoor plants, wood and rocks we have on our Reservation, someone could create beautiful and unique flower displays! Ballons included with our Language written on them! A photo button booth, "Take your picture with a real Indian" type of thing! And if someone could have a "Rent Lawn Equipment" this would help 'spiffy' up our community. You know this is needed especially since Housing has no motivation to keep up lawns which I would like to add, if they want to charge Tribal rents, compared to the outside Apartments/Complexes/Homes, then they really need to keep up the maintenance of these places and quit letting the regular maintenance people milk the job! There are so many business opportunities. I would like to add, why should our community feel any remorse towards bettering ourselves, our surrounding communities didn't! And really all it boils down to is taking care of business! Lets jump into their game be-fore it's too late! Like I said before, if we don't take care of our own, no one else
