

## Moody attends CNA classes at Mt. View

Keith Moody, CHR

Since February 1998 Keith Moody has been employed as a Community Health Representative (CHR) for the Health and Wellness Center in Warm Springs. "It is a career choice for advancement in the work place and to further his education," says Moody.

After his years in the Marines, he came home and worked in the Natural Resources Fish & Wildlife department, Vehicle Pool and he then worked at home as a mechanic.

Thinking of his children, who are his inspiration, Moody felt he needed a career for himself that connected with him. He needed steady work. There was no room for advancement in his other jobs but with his new job as a CHR there are many possibilities for advancement.

Moody works with Home Health Nurse, Bill Bryson, and co-workers Sherri Smith and Maria Lopez. Supervisor is Tammy Wells. "I like working with this department, I have a good supervisor. The whole department focuses on helping people. Things are changing and I get to be a part of that change," says Moody.

Certified Nurses Assistant (CNA) classes started at the beginning of May at Mountain View Hospital in Madras. Moody enrolled in these classes and passed the written part. June 1, he started his clinical training at Mountain View Hospital for hands-on training. There are three patients from Warm Springs and he will be working with them. He will be assigned to someone and will work with that person from 6:00 a.m. to 2:30 p.m.

Being certified as a CNA Moody will be able to do case finding and assess patients better.

To become certified Keith is learning to basically be a nurses assistant. He will assist nurses in helping their patients—daily living,

how to move them, position them, get them out of bed, feed and help. He is also learning to take care of senior citizens both physically and emotionally.

Moody feels he's doing well with the hands-on training. He sees different attitudes from the patients. Some are not cooperative and are angry because of their health problems or they can't feed themselves.

Moody is learning social interactions with patients—what to say that might make a difference in how they feel.

"It's different from fixing brakes on car, that's for sure," says Moody.

Moody will also learn more about the elderly—their rights and responsibilities. Learning how they live day-to-day. "It's more than just cooking and feeding them," says Moody.

He says they have stories that nobody takes the time to sit and listen to. "When we take the time to sit with the elders and listen to them, they love to tell stories," says Moody.

Moody will be required to recertify his CNA license every two years. He will have CHR training in July at Tucson, Arizona for three weeks. "Things are moving fast for me. A lot of school work, getting my mind and process of thinking back. I'm doing school work right there with my kids," Moody concludes.

## Eight students complete business class

## Visions through dreams, is this what our future holds?

To the editor, Rev. 10:7; Amos 3:7, Surely the Lord God will do nothing but He revealth his secret unto his servants the prophets. Jeremiah 23:28, The prophet that hath a dream let him tell a dream and he that hath my word, let him speak my word faithfully.

(Dream 1) My son and I were walking by the ECE building but there was nothing there cause it had been bombed out, burning buildings everywhere. I was carrying a rifle, my boy was too. There was burned out troop transports, looked up in the sky and there was jet planes in dog fights above West Hills, then a jet started shooting at us. I asked about mineral resources and we have an abundance that we haven't even tapped into.

One time I was painting a house at Gunshows, below Amelia Tewee's, was up on my ladder truck and I turned around and there was 2 attach choppers behind me, they took off flying down towards the island. I didn't even hear them. Another time at Chucky's, 2 flew over low. Pi-Ume-Sha, painting a house, 2 jets flew through the valley, started to weep cause of the dreams. See fueling planes all the time. Jets, choppers, etc. (Luke 21:9) But when ye shall hear of wars and commotion's, be not terrified for these things must first come to pass; but the end is not by and by.

(Dream 2) I remember it was to be our last meal, people were dying in white robes, my brother was getting beat up by those in charge, they were asking him where the other one was that was preaching, I stood up and told them to stop, cause it was me preaching. People were getting killed by some type of laser beam. I got away and we all gathered at our

mother's house to eat our last meals because we knew we were going to die (Rev. 6:9; 7:9; 13:15; & 20:4).

(Dream 3) I remember going into a Safeway store in Madras, money was of no value. Couldn't buy anything because of new system, a mark in the forehead or mark in the hand. Remember this Christian lady who I know offering to help us get something to eat with her mark, cause we were starving. I refused and went hunting instead but there was hardly any deer, burnt forest, no water, my last few bullets seemed worth more than gold (Rev. 8:7; 13:16; 14:6).

(Dream 4) Was doing a wedding at Kah-Nee-Ta and overhead the sky was filled with missiles. Bombs going off, weird lights covering whole sky, blue green flakes like snow came down disfiguring people, melting them. People tried to get away, but some were wiped off the face of the earth. Some survived but food and water was contaminated, they died anyway (Zech. 14:12; Luke 17:26; Rev. 9).

(Dream 5) Dreamt I was at Lloyd Center, earthquake hit, walls started to move, building started to collapse, concrete coming down, pillars crumbled. (Rev. 6:12; 8:5; 11:13-19; 16:17-18) minor earthquake.

(Dream 6) Was at a garbage dump watching some smoke, then clouds formed, tornado hit, Nell and I went to a basement of an abandoned sheriff's building, awesome sight and power of that tornado (Lk 21:11)!

(Dream 7) We were putting up a tent, a big massive tent, people were coming, we couldn't seat them anywhere cause the tent was already full. But they kept coming, cars pulling in. Inside were rows and rows of food of all kinds of food. I remember

sitting at a table with my bro. and Chris. Merle Williams was going around and finally came to me and said, "Ever since you were born you have learned from your father, but now the Holy Ghost wants to teach you his way and when you speak, you want to preach". I said, "Yes, Lord!" Then he went to each of us. He started to hand out boxes of food, the first was to bro. Waltz. To me this dream signifies perfection, the number 7 is God's number. The last great pouring of God's Holy Spirit.

(Dream 8) I was going to work some place with George, all of a sudden the sky started to get dark, then there was lightning from east to west, there appeared in the clouds a face, a purple face like unto the son of man, and those that were right with the Lord started to go to Him in the sky. I was standing there wondering why I was being left. I wasn't right (Luke 21; Rev. 22).

My relatives & friends, now is the time to get right with God. I believe He has shown me what is going to happen and it won't be anything for His children to go through. God did not make hell for any of us, He made it for the father of all lies, the devil. Don't listen to his whispers, his goading, they are all lies!

Whom do you choose to serve?! As for me and my house, we choose to serve the Lord! Take heed, the time is near when we will hear that trumpet blow and will be taken up to join our heavenly Father.

We welcome you to come to the Full Gospel Church if you are looking for "something" to change your way, if you're tired of your old lifestyle, come see what God can do for you.

## Watah & Heath family give thanks to all

To the editor, This is a letter of thanks to everyone that donated their time and money for the 1st Annual Tygh Ridge All-Indian Rodeo. Especially would like to thank Mike Filbin, his wife Kitty who own the grounds and than Lonnie Shoemaker & his girlfriend Tona Moffitt who are partners with Mike. They gave us the opportunity to have our memorial for my nephew Jim Watah and for a good friend Wayne Nino, which was long overdue.

Jim grew up around here, though a lot of people didn't know him because he lived in Sprague River. Sometimes when my sister needed a sitter, Ada Sooksoit would watch

him or Marceline Langley. They use to call him Crickett. Jim grew up to be a gentle giant, 6'5" and a cowboy at heart.

Jim and Wayne were coming back from Tygh Valley Indian Rodeo in 1995 when they wrecked into the river by the gravel pit, 2 miles from our home.

Wayne lived with us here and worked at the stables for Delvis and Shirley Heath, his home was in Owyhee, Nevada. A true Buckaroo a heart. Both are dearly missed. So it really meant so much for us to have so much help from the people here in Warm Springs.

We really appreciate all who attended and participated although the

weather didn't cooperate, when we got to the grounds and saw all the motor homes, campers, camps, rodeo fans, cowboys, cowgirls, it was a beautiful day!

There are many that would like to thank. We will not forget all the help we had in sponsors for the jackets. Among these are Brian Thomas and Tina Nino family, Ramon Caldera, Merle Kalama, Mickey Brunoe Logging, Raphael & Nola Queahpama family, Chief Delvis & Shirley Heath family, Bobby Macy, Plummy & MaryAnn Wright family, Jazzy Wewa WS Tribal Council, Intertribal, Chiloquin Rodeo Association, Coast to Coast Chiloquin, OR, Kitchers in Chiloquin, The Wild Horse Racers of America Association, Jackson Heath and the Klamath Tribe.

My sis Lillian put a lot of time and money into having this memorial for her beloved son. Also thanks goes to Cirilo and Lisa from Eagle Head Sports for the fine job they did on the jackets. Without these fine people, our memorial wouldn't have been possible. Thank you. We look forward to seeing you all next year at the 2nd Annual Tygh Ridge All Indian Rodeo.
