On Patrol

McGruff's Activity Report
 The last few weeks have been quite eventful for the staff if Warm Springs Police Department. If you have a scanner, as a great percentage of the residents do,

you have overheard the activity. Just a little thought when you're listening to the scanner...think about the shots that have been fired or the fights that the officers get into...how many of them are your relatives. Would you put yourself into that predicament? Are you sure that the suspect that they are chasing is not your child? Do you know where your children are? Just a thought.

In this report I am going to highlight just a few of the 311 cases that the officers responded to. During the first week of May, officers responded to the Simnasho area to call of a domestic disturbance. This particular couple had been in at least three other altercations prior to this. This time, the male subject had abused the female to the point where she had to be transported to the hospital and once again finding his way to jail. These same two people had also received additional charges at a later date for drugs and alcohol.

During the late hours in Simnasho, a juvenile subject had thrown a wagon at the living room window of the Simnasho officer, breaking it while the occupants were asleep inside. This juvenile suspect is known to a habitual offender and is suspect in many other cases. It was obvious that the officers in the Simnasho area are not appreciated by all.

On May 28, an elderly male subject had sustained a heart attack in the Kahneeta area. Life saving steps were administered, but were unsuccessful during transport.

At the end of the month, several officers had responded to a residence out on Tenino Road where a domestic was occurring. It was reported that shots were being fired. Upon the arrival of the officers, they had removed three young children and their mother, all victims, along with several guns. The suspect was taken into custody without any major injuries.

On May 31, two officers and Fire & Safety personnel responded north on Hwy. 26 to a report major vehicle crash. A single female driver, had failed to make a 45 mph turn and crashed, flipping several times and breaking several large trees prior to the vehicle stopping. Two of Mt. View's ER doctors were on the scene prior to the arrival of the ambulance crew, attempting to resuscitate the victim, whom was trapped

in the car. Air Life was dispatched, but was recalled for the victim, a Washington State resident, had died at the scene. Of the several years that I have been involved with the Police and Fire Dept., this is the first time that we had to cut a seat belt off of a victim, but it was one of those unsurvivable crashes. This crash could have been avoided if she was not driving at such a high rate of speed.

During the first week of June, there has been a tremendous amount of activity. Fire & Police personnel responded to a structure fire on Bray Street, where fire had overtaken the attic of the house. An Oregon State Police Fire Investigator has the case still under investigation.

Suspects are being held for trial for beating up two other subjects at their agency residence. The two victims were transported to the hospital, where they are still recovering. One of the suspects had received a few hundred days jail time for violating his probation.

A Hispanic male, whom was in the company of some local residents, had attempted suicide by hanging about 19 miles outside of the Agency area. A Tigard Police Officer had stopped and performed CPR and revived him. The subject was Air Lified to St. Charles Hospital where is recovering. Thanks to the Tigard Police Officer, this male is alive.

As you may have heard from the surrounding media, a vehicle as stolen from Madras area by three local Indian juvenile, which was later located in the Upper Dry Creek area. When our officers located the vehicle, the suspect vehicle started to elude, traveling northbound on Hwy. 3. Approximately 3 miles north of the Agency area, a suspect in the car had leaned out the window and started shooting at the lead patrol vehicle. The pursuit continued north on Hwy. 3, beyond the boundaries of the reservation. At that point, several deputies and state troopers were involved in the high speed chase. Basically the vehicle was left in the timbers, on the north boundary of the reservation, where it was recovered. The following morning, the female suspect was located in a wheat field in the vicinity of the Pine Grove area, where she was taken into custody. Later in the day, the two male suspects were located in the Simnasho area, where they were arrested. All suspects are being held for possible state and federal charges. (Do you know where your children are? Do you know what they are doing with the people that they call "friends"?)

As you just read, there is a lot of violence and hatred occurring in our small community. If we allow this type of activity to continue, we will be basically wiped out in a few decades. Men beating up on women. Children beating up on their relatives. All are people who have the ability to change their lifestyle, if only they cared enough to do it.

Although, the numbers for case numbers pulled this month have decreased, it appeared the level of violence has increased to make up for it. The officers responded to about 20 domestic situations, where several arrests were made. The traffic infractions and crashed have increased, probably due to the weather change. Over 100 individuals have spent their days in the heavily visited detox tank. Many of these individuals must like the cold floors, because they keep coming back for return visits. With Pi-Ume-Sha around the corner, the department is gearing up for the great influx of people. So have a safe summer vacation and watch for the kids.

The Warm Springs Police Department is joining hundreds of other law enforcement agencies throughout Oregon, Washington and British Columbia in the Three Flags International Safety Belt Campaign. This ten-day enforcement "blitz" period will be conducted statewide Friday, June 26 through Sunday, July 5 and will emphasize reducing the number of speeding and impaired drivers on local reservation and Oregon's roadways.

Tribal Police Officer's will have stepped enforcement for Speed limit violators and Impaired Drivers on local roadways, and will also be stopped for non-seatbelt use on Hwy. 26. Highway 26 is a state highway, where state laws need to be abided by. That means that the same seatbelt law that is in effect off the Reservation has to be adhered to within the boundaries of the Reservation if you are traveling on Hwy. 26.

Tribal officers are directed to stop vehicles on Hwy. 26 when they observe the driver to be unrestrained. This is also the same for unrestrained or improperly restrained children. Remember, children under 4 years old or 40 pounds, needs to be in a child safety seat, to be within the limits of Oregon State Law. These are also Tribal Traffic Codes that will be used more frequently for those drivers who allow their children to be standing up and blocking the view of the road or hindering the drivers capabilities.

The Three Flag Campaign alerts all motorists traveling anywhere in the Northwest that officers will be intensifying efforts to ensure all drivers adhere to recommended speeds, drive sober and make sure all passengers BUCKLE UP.
