More Helpful Tips Available For Veterans

Transition Assistance Program

The Labor Department assists servicemembers who are scheduled for separation from active duty through the Transition assistance Program. The program, a joint effort by the Defense Department, the Labor Department and the Department of Veterans Affairs, provides employment and training information to servicemembers within 180 days of separation. Three-day workshops to help veterans make the adjustment from military to civilian employment are conducted at military installations. Additional Counseling is available to disabled servicemembers. For information, contact the nearest state employment office.

Operation Transition

The military services provide civilian-transition counseling at least 90 days prior to each servicemember's discharge in a program called Operation Transition. A Defense Department

document (DD Form 2586) is prepared that provides military experience, training history, civilian jobs equivalent experience and recommended educational credit. The document is delivered to servicemembers 90 to 180 days before the scheduled separation.

The Defense Outplacement Referral System (DORS) refers resumes to potential employers through 350 Transition offices worldwide. Resumes are provided to employers by mail, electronic mail, or facsimile. Employers may place job ads on the electronic Transition Bulletin Board (TBB) kept by Transition offices. Those employers having the proper computer equipment are able to place their ads electronically; others may mail or fax their ads to the TBB.

Service-members are encouraged to respond directly to employers with their resumes. The electronic bulletin board also contains business opportunities, a calendar of transition seminars and events, and other helpful information.

"Two special registries have been developed at Transition offices to help separating servicemembers obtain public community service jobs. The "Registry of Public and Community Service Organizations" contains information on organizations desiring to hire servicemembers. The "Personnel Registry" lists servicemembers who desire employment in public and community service occupations. The Defense Department matches people and employers on the two registries, and counsels separating servicemembers on how to apply for

positions with public and community service organizations.

Loans for Farms and Homes

Loans and guaranties may be provided by the U.S. Department of Agriculture to buy, improve or operate farms. Loans and guaranties are available for housing in towns generally up to 20,000 in population. Applications from veterans have preference. For further information contact Farm Service agency or Rural Economic and Community Development, U.S. Department of Agriculture, Washington D.C. 20250, or apply at local Department of Agriculture offices, usually located in county seats.

FHA Home Mortgage Insurance

The Federal Housing Administration is responsible for the Home Mortgage Insurance Program for Veterans. These Home Loans require less down payment than other FHA Programs. Veterans on active duty are eligible if they enlisted before Sept. 8, 1981, or entered active duty before Oct 14, 1982, and were discharged under other than dishonorable conditions with at least 90 days service. Veterans with enlisted service after Sept 7, 1980, or who entered on active duty after Oct 16, 1981, must have served at least 24 months unless discharged for hardship or disability. Active duty for training is qualifying service. Submit VA Form 26-8261a, available at any VA office, to VA for Certificate of Veteran Status. This certificate is submitted by lender to FHA.

All Warrior Memorial Activities Up-Date

Things have slacked on the All-Warrior Memorial lately since the ground breaking Ceremonies. Might say that things are at a stand still at the present time.

We have made efforts to secure funding to construct a wall for the names of all Veterans, so far we have had just a very little favorable response to the matter.

Here is a little request to all Veterans if they feel that they can contribute a small amount say like \$25 apiece, it would greatly be appreciated by the Board who is working on this great project, that is way past due here in Warm Springs, something to recognize all the veterans that proudly served their country during disrupted times. Everyone who served deserves to be recognized on this

well worth memorial.

Just recently we published a list of names of all veterans and as we expected we overlooked several names. That was the whole purpose of the whole thing was to see how many we have overlooked in our first attempt to see who will appear on the stone marble wall.

We will be publishing an up dated list soon and do not hesitate to call in if there is a name missing or a correction to be made because we want this to be a true and accurate as possible when the names are carved into the stone. We are about the only reservation that does not have something like this for All Veterans who really need this type of memorial.

We have a very few remaining

veterans from the WWII, and we'd like to acknowledge them while they are still with us. We have the Korean War, Vietnam War, Desert Storm, and some small skirmishes where US Military were involved. We want to include everyone no matter how long they may have served or where they served.
