### 1998 hunting regulations presented

Resolution #9581A specifies hunting seasons and regulations for 1998.

9

### Kids hone their court skills at camp

Monty Larson shares his basketball expertise with over 70 Warm Springs children.

## Car rolls, crashes into West Hills home

Accidents happen—often when you least expect them. Frank Brunoe made a stop in West Hills yesterday and after a brief visit, came out to find that his newly-purchased Camero rolling down the hill. The car slammed into the home occupied by Angela Polk and her family. Luckily, no one was injured, but the accident brings cause to use caution when stopping. Drivers are reminded to always set their emergency brake when leaving their vehicle.

Angela was shaken by the incident and is thankful that no one got hurt as her aunt and her four-year-old daughter were outside at the time of the incident. A tragedy was avoided and she reminds those who drove by honking and laughing that the incident was no laughing matter. She expresses her gratitude to Warm Springs Fire and Safety, the Police department and her family.

An older-model Camero, owned by Frank Brunoe, rolled down Tao-shuh and crashed into Angela Polk's home. No one was injured but the home sustained substantial damage.

## Former teacher pleads "no contest"

Thirty-five parents and family members crowded into a Warm Springs tribal court room Friday, August 21 to witness the sentencing of a former Early Childhood Education Center teacher.

### US West sponsors Edmo at Museum

Through a U.S. West Foundation grant, The Museum At Warm Springs welcomes internationally acclaimed poet, playwright, performer, traditional story teller Ed Edmo on September 12 at 2 p.m. Edmo's performance will be about "Grandmother Chokecherry."

Edmo's description for this performance is, "Grandmother Chokecherry speaks about boarding school experiences, old Indian Rodeo days. She tells of personal tragedy, but also tells legends of hope. Grandma Chokecherry likes Spam!"

The Museum At Warm Springs invites you to Ed. Edmo's "grandmother Chokecherry" performance September 12 at 2 p.m. This free performance is open to the public. Call The Museum for more information at 541/553-3331.

The defendant, a non-tribal member, pled no contest to a charge of child neglect. The charge resulted from what was described as an inappropriate form of discipline. Gene Smith, tribal prosecutor in charge of the case, said the children involved were from a year to two years of age. Masking tape was used to tape children's wrists, eyes, legs or mouths as a means of discipline.

Charles "Jody" Calica, the Confederated Tribes' Chief Operations Officer, stated, "We, as a Tribe, do not subscribe to or condone these kids of disciplinary or behavior modification practices."

The judge sentenced the former teacher to 180 days in jail, suspended, a \$500 fine that was suspended, and one year bench probation. Those in attendance were able to make recommendations to the judge, and they were quick to voice their disapproval at the sentence.

"We are still actively pursuing the facts related to this, and closely related kinds of incidents resulting in injury to children's safety and welfare," Calica said. "We will take appropriate legal and administrative action as remedies as the facts are assembled and evaluated."

Prosecutor Smith made the sentencing recommendation to the judge.

He said, "It was my case...I made the decision...ran it by the General Manager and my supervisor, and explained my reasoning and rational to the judge." The prosecutor said the reason for a light sentence is because three other cases are pending trial, and the police department is continuing to investigate. He commented that prosecutors had made a plea offer to each individual to reduce charges with no incarceration if they would cooperate. "We are hoping for a successful outcome to these proceedings that will fully insure the health, safety and welfare of all children entrusted to our care."

The three other teachers are charged with child neglect, disorderly conduct, assault, and aiding and abetting. Their trials are scheduled to be held in tribal court in September.

## Young woman reported missing

Tiffany Wolfe has been missing since August 1. She is 5'4" tall, has brown hair and brown eyes.

Warm Springs resident and tribal member 24-year-old Tiffany Wolfe has been reported missing since August 1, 1998.

She was last seen in Warm Springs by relatives July 15. She was last seen in Madras by her sister Saturday, August 1, 1998. Three white males picked her up from her sister's apartment August 1. They were driving a dark blue or black van.

A missing persons report was filed with the Jefferson County Sheriff's Office and the Madras City Police. Officer Dennis Schneider is investigating the case.

If you have any information contact Officer Schneider at Jefferson County Sheriff's office at 475-2201 or 475-2424, or Lalani Plazola at 475-9114, or Paulette Ruiz at 475-2936.

## Relicensing meetings to be held

Two public meetings concerning the Pelton-Round Butte Relicensing Project will be held in the Warm Springs area. All Tribal members are encouraged to attend. Both meetings are designed to present information about Relicensing, and to listen to Tribal input with regards to management direction and emphasis in the future. The strategy for the comprehensive management plan surrounding the Pelton-Round Butte Project will be developing over the next two months. This is the time for Tribal members to help shape the ideas that will ultimately be management alternatives considered by Tribal Council.

The first meeting will be a Tribal Outreach, oriented specifically to Tribal members. The Pelton-Round Butte Relicensing team will provide short presentations focusing on our progress in fisheries and wildlife resources, recreation and land use, cultural resources and scenery

management. After these presentations Tribal members will be asked to help provide direction as to how we might want to manage these resources in the future. The meeting will be held at the Senior Center on Monday, September 9, beginning at 7:00 PM. This meeting will last approximately two hours and snacks will be served.

The second meeting will occur over a two day period and will involve the Deschutes Watershed Forum. The Forum represents all people who have an interest in fisheries and wildlife resources within the Deschutes Basin. On Wednesday, September 16, we will meet at Kah Nee Ta with the emphasis on fisheries resources. Then on Thursday, September 17 we will again meet at Kah Nee Ta, but will shift our attention to wildlife resources. On both days we will begin at 8:30 AM and conclude around 5:00 PM.

Like the Tribal Outreach

mentioned above, we will start the meetings by providing information as to where we are within the Relicensing process and how we got here. Then, folks will be asked to break out into smaller groups to begin developing management direction and priorities for fish and wildlife, within a Basin-wide perspective. These thoughts will be brought together at the end of the session for all to see and hear. The conclusions from the Forum will be used in the evaluation of the mitigation measures for the Pelton-Round Butte Relicensing Project.

Tribal members are strongly encouraged by Tribal Council to attend these important meetings. Your input will be the basis for which management alternatives will be developed. If you have any questions or comments concerning these meetings, please call Brian Cunningham or Bob Rose at Warm Springs Power Enterprises (541-553-1046). Thank You.

## INDIAN NITE OUT TONIGHT

AGENCY LONGHOUSE 7 P.M.

Everyone invited to this fund fundraising event to support a very special contest to be held during the 1999 Lincoln's Powwow

Sponsored by: Eagle Thunder Drum and Committee
