

E Coosh EEWA: The way it is

SPILYAY SPEAKS

Budgets, budgets and more budgets, all the departments have been busy working on operating budgets for the coming year, cutting here and cutting there and it's getting to the point where we are running out of here's and there's to cut any deeper in our budgets.

Well we've been at it for a couple of months and things are looking better. Hopefully we will come up with a suitable operating budget for the coming year.

Everyone is working on budgets, even the Federal Government will have to have their budget approved by September 30, or all the Federal Government employees will be on furlough until their budget is approved.

Guess things are tough all over and not just around here, and to top it all we have all that commotion over Bill Clinton and Monica Lewinsky affair where everyone is getting bent out of shape over that incident.

Makes one wonder what does really go on in the Oval Office, or any office for that matter. Everyone better clean up their act before they go bellitting anyone. "Even me," Ooops!, "I mean everyone else in office in DC. There are all kinds of suggestions for the President, things like, "Let's can the Boy and go on with our business." Some say, "Let him alone and let him tend to business." Well what ever the outcome will be it better be soon before we get caught with our pants down, "So to speak," before some country comes over and bombs the heck out of us while we are so wrapped up in Clinton's personal life. What a situation to be caught up in where the whole world knows of the personal life of the President and one of his interns at the White House.

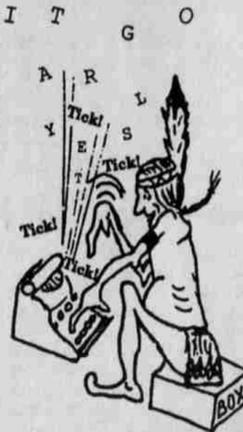

What must his own family be going through with all this scandal of the President and Lewinsky. Who's to blame? There are all sorts of questions floating all over the place. Was Lewinsky really to blame? Could it be that she was sort of forced into this situation, feeling that she should cooperate in order to keep her job? Did Clinton take advantage of the situation to his liking? What are the feelings of Mrs Clinton on the whole matter? What a tough situation to be caught up in.

There are a lot of things we should be doing instead of becoming so wrapped up in all that "Hog Wash." There are countries having A bomb testing under ground while we are all shook up over the Lewinsky/Clinton issue. Who knows those underground testing could end up in the U.S. before we know it.

Well anyway, "So are the days of our lives," and "As the world turns," and not to forget "All of my Children," Soaps. We should be on guard all the time and not have another Pearl Harbor, before we wake up.

Well back to budgets like I started out, every year there is always those problems with the operating budgets. Even when I was a "Cute Little Tyke," I can remember people working on their operating budgets. Justification for this and for that. Why do we need all that for traveling or why do we need all that money for meetings?

At district meetings we are always asking about certain budgets like why do the police need all that money for certain things, why do Social Services need all that money for such and such. Yet they are all necessary for our departments to function at it's best. If we don't have the funds to operate our system will lose its purpose. As a reservation we do have a lot to protect and we have to watch what we do to protect those things. Sometimes it seems unnecessary for certain things but we do need them. So what ever we do at district meetings we should consider everything very careful and make sure we are doing the right things...AAAHAH-NAH-CHI-TOON!!!

Reese expresses gratitude for support

To the Editor,
Making it to the National High School Rodeo Finals has been an honor and a privilege for me. I enjoy competing in rodeos and I have met a lot of new friends who share the interest with me and who have encouraged and inspired me over the years.

I would like to express my appreciation to everyone who helped me make it to Gillette. I regret to say I didn't get the job done, but I tried, and I'm glad to have had the opportunity and experience. It wouldn't have been possible without all the encouragement and support from everyone who helped.

I hope some of you were able to watch the finals on ESPN August 15, 1998. They aired the final go round. There were representatives from Oregon in all but three events, those events were goat tying, barrel racing and bull riding. I meant to get this letter in the first issue after our return. I apologize for the delay.

Sid Miller helped me out right from the start by letting me use his

horse trailer to haul my horse to the rodeos, and I thank him a lot.

I'd also like to thank my brother Frank for pulling me to all the high school rodeos my last year. I only wish he could have gone to the finals with me.

I appreciate Terry Squiemphen for letting me use his horse trailer for the long haul.

A special "thanks" is due to my sister Saphronia and Satch for all their efforts in coordinating the various fund raisers and donation requests.

There was a number of special people who stepped forward and offered to cook for the feeds and dinners. Cheryl Tom, Rosie Tom, Lorena Wise and family, Butch Miller, Lupe Katchia and Michele Stacona. Thank you.

All you Cowboy Golf Scramblers, that was a lot of fun and I appreciate your participating and support. Especially to those of you who, like myself, don't golf very often, you were real sports.

There are so many people who

helped make this all possible and I hope I didn't forget anyone. The generosity and words of encouragement were outstanding.

There were individuals and businesses that made cash donations, and some who donated or collected merchandise for the raffle and golf prizes. We had 87 items given away in the raffle and most of them were donated by various individuals. I would like to include a list of everyone who donated or helped.

Tribal Council, Cenex, Brightwood, Human Services Branch, Crooked River Golf Course, Abby's Pizza, Lahoma's Coats, Thrifty Drug, Warm Springs Power Enterprise, Earl and Rita Squiemphen, Delvis and Shirley Heath, Aspen Golf Course, Kah-Nee-Ta Golf Course, Bates and Tiger Van Pelt, Sandra Danzuka, Warm Springs Composite, Chilkat, Dawn Smith, Lost Tracks Golf Course, Nine Peaks Golf Course, John Katchia, Sr., and Video Video.

Thanks to all,
Jesse Reese

Blood drive in honor of Seniors

To the editor,
Hello from Pastor Rick. First a couple of big announcements. On September 30 at the Social Hall from 1 to 6 p.m. we will have a Red Cross Blood drive. This Blood Drive is dedicated to the Elders of Warm Springs. Why? Well, during our meetings many folks had stories of elders and seniors who use or need blood products to help with life. Also some are waiting for transplant operations which uses a lot of blood to make it happen. So to the Elders and Seniors of Warm Springs, this Drive is for you.

If you want to give, there are folks out in the community who have appointment sheets to sign-up. Ann at IHS, Karla at Admin., Arlene at the school; Theresa at the mill; ReNeva at Forestry and Pastor Rick. Also, at the Warm Springs Pres-

byterian church we have started our fall/winter program. Worship at 11 a.m.; Youth Group at 2 p.m.; Potluck at 6 p.m. Christian Education at 7 p.m. This is our every Sunday program.

The other day I met a guy at the Post Office who said Hi to me. He also said in passing that today he was sober. Wow, what a beautiful sounding word SOBER. In the AA big book and in the Bible, one truth must be upheld in order to live life. That truth is be truthful to yourselves. In the Bible, it is a part of the great Commandments (Love others as yourself). Be truthful to the person in the mirror. Sing out the word to yourself and others today, I am SOBER and CLEAN...see you in church.
