Visiting the school

Parents are encouraged to visit the school often. Here are some guidelines for making your visit a successful one.

1. Visit with your child's teacher ahead of time to get an idea of a good time to visit.
2. Avoid bringing younger children into the classroom. Distractions often make it difficult for some students to concentrate and learn.
3. Plan any special activities with the teacher before your visit (birthday cake, etc.)

Student visitors from other schools are not allowed at WSE. Only enrolled students at WSE will be allowed to attend the regular classroom.

Attendance & Absence

Warm Springs Elementary encourages all students to attend school daily. Many times during the year attendance is recognized and rewarded. Students who come to school regularly in the elementary grades

have a greater chance of graduating from high school than students who do not have regular attendance. Now is the time to start setting positive attendance habits that carry through the future school and employment experiences. The following notes highlight important details of the WSE attendance policy:

1. Please send a note or call the office explaining student absences.
2. Students leaving the school grounds must be checked out through the school office.
3. Attendance will be monitored by the principal, community liaison and school counselor.
4. Make-up work may be provided by the teacher. Please allow one day for gathering materials. Call or drop by the office to make arrangements for homework. Make-up work is often not as effective as the classroom instruction.
5. Outstanding attendance awards will be given to any student with four or less tardies, half or all-day absences (in any combination) for the school year.
6. Perfect attendance awards will be given for zero absences or tardiness.

Emergency School Closure

Hazardous weather or other emergency situations that threaten the health or safety of students/staff may delay the beginning of the school day or cancel classes entirely. These delays or closures may affect all schools in the district or only WSE, and will be made in extreme circumstances only. Please tune in to local radio (KWSO) or television stations for information about emergency closing. A school closure cancels all school activities, sports, programs, etc. unless otherwise notified.

Message to students

Parents are asked to write a note and sent it with their child if there is a change in the destination for their child after school. Students will not be allowed to ride the bus or walk to another destination unless they have written permission authorized by a parent. Emergency messages may be delivered to students during the day. If the message relates to what the student is to do after school, please notify the office by 3 p.m.

Afternoon dismissals

The WSE campus is a closed campus from 7:30 a.m. to 4 p.m., all regular school days. All students are expected to leave the school grounds

when they are released from school with the exception of late bus students. Late bus students are to remain on the playground with supervision until the late bus arrives. There is no supervision for children after 4 p.m.

-Students who will be picked up by a parent wait in front of the main office.

-A note must accompany any change in a student's regular destination.

-As a safety precaution, parents wishing to check out a student before regular dismissal must contact the school office. Students will not be released from class or the playground without first contacting the office.

Student Registration & Withdrawal

Parents or guardians register new students for WSE and Simnasho Elementary in the Warm Springs Elementary school office. The secretaries will assist in filling out registration forms, making breakfast and/or lunch arrangement, and determining classroom and bus assignments. If a student is transferring into the district, the immunization records must be transferred to the school.

Please inform the school in advance if a student will be moving out of the area. This allows the teacher to help in preparing the student for the move and allows student time to collect belongings, return borrowed materials and pay outstanding fees. Student records will be transferred upon request of the school the student will be attending.

Breakfast & Lunch

Breakfast if served in the cafeteria from 7:30 to 8:15 a.m., every school day. Students are dropped off by the bus at the cafeteria entrance. Students who walk to school or are dropped off by parents should be to the cafeteria no later than 8:15 a.m. For information about the lunch schedule, please refer to the "daily schedule" included previously. Parents may pick up an application for free or reduced meals in the school office. Approved applications for free or reduced meals are valid for one school year only. You may re-apply for free or reduced meals at any time during the school year should your family income change. The prices for meals are:

Restrictions on visiting/checking out students

Please notify the office immediately if your child has restricted contact with a specific individual or if there are individuals (i.e., a counselor) who may check out of school regularly.

WSE School Council

School council meetings are open to the public. The purpose of the council is to improve the school by focusing on student outcomes, improvement of instruction, staff development and the school's learning environment. The council also assists in the administration of 21st century staff development grants. The council advised the principal on issues related to school improvement.
