

Enter the following quiz for holiday drawing

Enter the Fire & Safety's Holiday prize drawing by completing the following questions and dropping off the prize drawing form at the Agency Fire Hall before December 13, 1998. Two winners will be randomly drawn December 15 and their names will be printed in the next issue of the Spilyay Tymoo.

1. The extrication rescue tools on the rescue trucks include a spreader, also known as the "Jaws of Life", a cutter and a power ram. At the scene of a wrecked car where the driver is trapped inside, the spreader can be used for what? (circle the correct answer(s)).

- a) To pop-off a crumpled door.
- b) To shore up the car so blocks can be put under it to stabilize the car.
- c) To pull-up the car dash that has pinned down the driver's legs.
- e) All of the above.

2. The Rescue Truck's primary use is to respond to motor vehicle accidents and use the extrication rescue tools, fire equipment and or basic first aid gear, if necessary. Where are the Fire & Safety Rescue Trucks stationed at on the reservation?

- a) At the Agency fire hall.
- b) At the Simnasho fire hall.
- c) At Bear Springs
- d) At Kah-Nee-Ta

3. If there is a motor vehicle accident near Bear Springs, how long will it take the Rescue Truck from the Agency fire hall to get to the accident?

- a) 10 to 15 minutes.
- b) 25 to 30 minutes.
- c) Longer if there is heavy traffic,

or snow and ice on Highway 26.

4. Kevlar strong rescue air bags are used to stabilize a wrecked car, and for extrication of trapped passengers, but only the Agency Rescue Truck carries rescue air bags. True or False?

5. If both the Simnasho and Agency ambulances are busy responding to separate "calls", are needed for the same emergency, or are both transporting patients to the hospital, then what type of ambulance coverage is there for the Tribes?

a) An off-duty or volunteer EMT might come to the Agency fire hall to provide "3rd out" ambulance coverage.

b) Jefferson County Emergency Medical Services may send one of its ambulance crews to the Agency fire hall to provide "3rd out" ambulance coverage.

c) The reservation will not have ambulance coverage until one of the ambulance returns to service.

d) All of the above, it depends on the circumstances.

6. There are three types of EMTs. The EMT-B (Basic EMT) knows advanced first aid and the EMT-I (Intermediate EMT) and EMT-P (Paramedic EMT) can provide more advanced life support, such as starting IVs and giving cardiac drugs to a patient. However, if there is only EMT available to help the patient, the EMT cannot use the skills beyond the Basic EMT level of skill, even if s/he is an EMT-I or EMT-P? True or False?

7. Paramedic EMTs (EMT-Ps)

today have to take two years of college classes and pass practical and written certification tests to become an EMT-P. How many EMT-Ps are currently working for Warm Springs Fire & Safety?

- a) 2 b) 3 c) 4 d) 5

8. What are the minimum qualifications to be a volunteer ambulance driver for Warm Springs Fire & Safety?

- a) Valid driver's license.
- b) Valid driver's license, 3 years prior driving experience, no DUIs/major traffic convictions in last 10 years, 16 hour ambulance driving class and current a CPR card.
- c) The above and a 40 hour first aid class.
- d) The above and an EMT-B certificate.

9. A class-A fire truck is a fire truck that carries ladders, fire hose, and a water tank with a rated fire pump. The oldest class A fire truck used by Warm Springs Fire & Safety is vehicle 2220. Vehicle 2220 is the "first out" fire truck for structure fires in the Agency. Guess the year of this fire truck.

- a) 1970 b) 1975 c) 1980 d) 1985

10. Firefighters going into a structure fire need protection in order to fight the fire. A special fire resistant material called Nomex is used in the "turnout" protective pants, coats, and gloves. Self-contained Breathing Apparatus (SCBA) are used by the firefighter to avoid breathing smoke and other toxic gases caused by a fire. The SCBA provides the firefighter with pure oxygen to breath. True or False?

11. There are nine fire and ambulance vehicle stored in the Agency. Most fire halls keep all the their vehicles protected from the weather and vandalism inside of one building. However, at the Agency the Fire & Safety vehicles stored where?

- a) Stored outside.
- b) In the fire bay.
- c) In the fire hall garage.
- d) At the Annex (the Annex is about 1/4 mile from the Agency Fire Hall).
- e) All the above.

12. For the type of structural buildings on the reservation and in the Agency, the ideal fire truck pump water capacity is 1250 to 1500 gallons of water per minute. Guess the fire truck pump water capacity of fire truck 2220.

- a) 750 to 1000 gallons per minute.
- b) 1000 to 1250 gallons per minute.
- c) 1250 to 1500 gallons per minute.
- d) 1500 to 1750 gallons per minute

County Committee election:

LAA #1

This year the election will be held in LAA #1, Warm Springs. Candidates have been nominated for LAA #1. Ballots will be mailed no later than November 20, 1998. Only eligible voters in LAA #1 will be voting on the selection of candidates. Don't forget to sign your ballot envelope. Your vote will not be counted if the ballot is not signed. Ballots must be received by our office no later than 4:30 p.m. on December 1, 1998.

Biographies of candidates

The following nominees have expressed that he or she is willing to serve if elected.

Jason Smith is nominated in LAA #1, Warm Springs, to serve as COC member for three years. Jason resides at 5120 Jackson Trail Road, Warm Springs, LAA #1 and has produced cattle and horses for 30 years. Jason is an active member of SWCD and Intertribal Agricultural Council.

Eileen Spino is nominated in LAA #1, Warm Springs, to serve as COC member for three years. Eileen resides at 6980 Charlie Canyon Road, Warm Springs, LAA #1 and has produced cattle and horses for 20 years.

Evans Spino is nominated in LAA #1, Warm Springs, to serve as COC member for three years. Evans resides at 6980 Charlie Canyon Road, Warm Springs, LAA #1 and has produced cattle for 43 years. Evans is an active member of the Intertribal Agricultural

Council and serves as president for region 12.

Irene Towe is nominated in LAA #1, Warm Springs, to serve as COC member for three years. Irene resides at 1545 Tenino Road, Warm Springs, LAA #1 and has produced alfalfa hay and livestock for 48 years. Irene is an active member of the Farm Service Agency County Committee.

Brigitte Whipple is nominated in LAA #1, Warm Springs, to serve as COC member for three years. Brigitte resides on Jackson Trail Road, Warm Springs, LAA #1 and has produced cattle and horses for 20 years. Brigitte is an active member of the Culture & Heritage Committee.

Farm loan program

Several types of ownership and operating loans are available in addition to guaranteed loans and youth loans. Farm Service Agency provides credit counseling and supervision to eligible applicants who operate family size farms and are temporarily unable to obtain private, commercial credit.

Conservation Reserve Enhancement Program

USDA and the State of Oregon have agreed to implement a voluntary Conservation Enhancement Program (CREP) to improve the water quality of streams providing habitat for nine salmon and two trout species listed under the Federal Endangered Species Act.

Federal and State money is available to pay for 75% of the cost of planting trees, shrubs, and grass in

riparian buffer strips. Contracts are for 10-15 years. Sign-up for the CREP is continuous. Please call the office for more details.

1999 Production flexibility contract payments

Production Flexibility Contract (PFC) payments have two options for 1999.

- 1.) Receive two 50% payments
- 2.) Receive one 100% payment at any time through September 30, 1999.

Remember that cash lease arrangements must now be substantiated by a written lease, landowner signature on the PFC contract, or other document which proves that the operator cash leases the land for the 1999 crop year. Operation Certifications are not authorized.

Conservation Reserve Program sign-up 18

Sign up 18 began on October 26 and will continue through December 11, 1998. Any offer made during this time frame will compete against all other offers at the national level based on environmental benefits. The land suitable for a riparian buffer. Additionally, it must have an Erosion Index of 8 or higher; be considered a cropland wetland; be subject to scour erosion; or be cropland associated with noncropped wetlands.

Under CRP the government rents the land between 10 and 15 years, depending on the cover crop. For more information, please contact this office or NRCS.

Early Childhood Education news

Nancy Saludo

the environment. This activity allows for social interaction between staff and infants and also among the infants themselves. Our babies are learning to sit by themselves, hold their own bottles and learning to "Cruise" in our walkers. Some babies are eating their 1st foods and we have babies cutting their 1st teeth. The ECE baby room is a very nurturing environment for the children and staff. We are happy to share some of the experiences that we experience every day with you!

Strider F6

Teachers: Susan, Sandra & Shawna

Our goal for the kids in this room, is mainly to help them grow socially and to develop self help skills for Head Start next year! Their ages range from 2 1/2 to 3 years old. They are learning to play together and use their imaginations more. They are becoming more aware of other people and things in their environment. They are also learning to become self sufficient in dressing, grooming and cleaning up.

This is a very fun group to work with because the changes they make from age 2 to age 3 are so dramatic, they go from a word or two, to full sentences! It's very exciting and we have a good team of teachers working for these kids. I love it!

RM 3-A

Teachers Nola & Phyllis

For the month of November in our class we had five friends with perfect attendance. Raylene Jones, Terrance Miller, Kapri Moody, Rosey Suppah, and Joseph Tewee. We would like to thank the parents for getting the friends to school each and every day. In our classroom we've been learning to count 1 through 10 in Sahaptin and learning our eyes, nose, mouth,

ears, teeth, tongue and hair. We have been reviewing the colors red, yellow, orange, black and learning the colors brown & purple. We have been busy making turkeys. During P. Mooney we heard a story about Mr. Nobody and he was called that because no one could see him. P. Mooney helped him by explaining that he had to feel good about himself first before people would be able to see him. He was glad P. Mooney helped him so he could go find more friends.

One day we took our magnifying glass outside to the playground and looked at the frost. It looked like little slivers and when you touched it, it melted. We had one friend who had a birthday on November 6. Ada Polk-Lopez turned big 5. We would like to thank all the parents and family members that take time to come spend time with us in our classroom. We really appreciate your help and donations to make your activities work.

Pod A Room I

Thanksgiving dinner will be on November 23. We had our dinner then. Everything went well. Thank you to our parents that brought food. Billy Joe, Wanda, & Billy, and Ada & Charmaine. Thank you to Pearl and Diane for coming to eat with Levi the children get very happy to see you come to eat with them.

Well, we're winding down in November now, Wednesday we'll have our social get together in Pod A. Parent, teachers & children. We miss you Nikki, get well and come back to school.

Pod A Room 2

Great volunteers for the month of October: Natalie Kirk, Dolan Wahenaka, Stacy Scott, Paula & James Halliday, Billy & Wanda

Berry, Millie Frazier, Bucky Smith, Ron B., Carla Gilbert, Annette & Dixon Polk, Joseph Boise, Snyder Lawrence, Marva & Gale Lawrence Jr., Mark & Tammy Coffee.

Month of November: Thanks for participating in A-Pod Family Meeting Dolan & Stacy, Paula & James, Billy & Wanda and Annette. The Family Gathering is for parents to plan activities for the children and to plan parent fund raising activities.

*A-Pod Parents are having a pop can drive in November through December 11. November is National Indian Heritage Month. We hope to see more parents at our next Family Meeting on December 3 at 5:30 in A-Pod. Child care is provided. We wish everyone a Happy Fulfilling safe Thanksgiving.

Building Children's Self Esteem

By Dr. Ben Bissell
Ten Gifts we can give our children

1. Give children a good name.
 2. Give children an ear.
 3. Let children make decisions.
 4. Give children permission for their feelings.
 5. Give children rules.
 6. Give children hugs.
 7. Give children laughter and play.
 8. Let children make mistakes.
 9. Give children the truth.
 10. Give your children freedom.
- If you give children self-esteem, they will respect others, and they will give away what they get.
Warm Springs Head Start is having a Pop Can Drive beginning November 9 through December 11, 1998. Proceeds go towards Christmas stocking stuffers. Wanda Berry, HS Parent is coordinating this effort.
Call her at 553-5938. We need more parents to help with the cans and seek donations.

- Slot Tournaments, December 3, 17, 1998
- Call (800) Bet N'Win or (541) 553-6122 for information.

Poetry contest deadline is Dec. 31

The National Library of Poetry has announced that \$48,000 in prizes will be awarded this year in the North American Open Poetry Contest. Poets from the Warm Springs area, particularly beginners, are welcome to try to win their share of our 250 prizes. The deadline for the contest is December 31, 1998. The contest is open to everyone and entry is FREE.
"Any poet, whether previously published or not, can be a winner," stated Howard Ely, Contest Director. "Poets from the Warm Springs area have successfully competed in past competitions." Every poem entered also has a chance to be published in a deluxe, hardboard anthology.

To enter, send one original poem, any subject and any style, to: The National Library of Poetry, Suite 1996, 1 Poetry Plaza, Owing Mills, MD 21117-6282 or go to www.poetry.com. Or contact Pamela Roberts at (410)356-2000.
The poem should be no more than 20 lines, and the poet's name and address should appear on the top of the page. Entries must be postmarked or sent via the Internet by December 31, 1998. A new contest opens January 1, 1999.
The National Library of Poetry, founded in 1982, is the largest poetry organization in the world.
