Once in a lifetime love, if even that, for some people never get the chance. That's what it is. I have never known what it was like to hurt so badly that I don't know whether to despise you for it or thank you for it. There's no mistaking that aura I feel in your presence. That aura I thought was gone. Seems like the harder I try to forget, the stronger it becomes. I think of you Daily even though I have Prayed otherwise. I feel the songs and even they bring thoughts of you instantly, just as some scenes in a movie can. Whether I like it or not, you're so much a part of my Being and my Conscience that I have finally resolved myself that our essence together is as one. I don't understand it nor care too but I know it to be true.

When I die, be glad. For only then will my heart be at rest. Like me, you know what its like to be replace in the back of beyond. Exact. Absolute. Unmistaken. Love. Pain. Regret. F
