This program was an inspiring experience for both myself and the 30 kids. I was able to see the difference and development of their performance through their attitude and self-esteem. I enjoyed being a part of their learning experience, and I am always glad to see the young children involved with positive activities such as the Healthy Nations Tumbling Program.

As part of the activities, a trip was taken to The Redmond Extreme Fitness Center for an outside learning experience for the kids. The kids were given a chance to use different types of gymnastics equipment and were involved with their Youth Gymnastics Instructor. This gave me ideas and inspiration of what to provide to my future classes for

example: an exhibition to the community.

I would like to thank Eva Montee for her support and ideas she shared with me to help me with my first instructing a class. She was my instructor when I was these kid's age. Also, I would like to thank the staff at the Community Wellness Center for all the help and support they gave me during this learning experience. I look forward to returning to the staff and working with the kids, and the Summer Recreation Program.

Also, I would like to thank the Fire Management Department for the use of their van for the two trips to Redmond, the kids and some of the parents had a great time.

But most of all, I would like to

thank the participants: 1st age group was the 4 to 6 year old; Rex Robinson, Nieman Adams-Jackson, Marella Van Pelt, Brianna Heath, Arlene David, Daisy Thomas, Waymon Harry, Kayla Blake and Nicole Wahnetah.

The 7 to 11 year old; Clarissa Wolfe, Rasheena Sargeant, Leanna Boise, Charley Ann Herkshan, Brandy Herkshan, Dena Thomas, Sasha Robinson, Kristi Olney, Angela Bellanger, Farrellyn Bellanger, Laurissa Bellanger, Rachelle Herkshan, Samantha Pennington, Keevin Adams, Tonya Boise, Tianna Herkshan, Nicole Herkshan, Clara Scott, Olea Yahtin, Raylene Thomas and Kaylyn Wolfe.

Thank You,
Monica Wahnetah
