2nd Annual Relay for Life brings people together to walk for the fight against Cancer

Pictured above are the Honey Bears who were one of many teams to participate in the Relay for Life

Indian drumming was performed during the Relay for Life.

The 2nd Annual Relay for Life was held on Saturday and Sunday July 17-18, 1999 at the Madras High School Track. The event was an all-night campout with 24-relays, with fun and entertainment for all ages. The event was helped to raise funds for cancer research.

This is only the second year the event has been held locally but the organizers were really impressed with the number of teams that signed up. A total of \$18,214 was raised in the 1998 event.

The fund-raiser had plenty of activities including a Hair-cut-a-thon, hair wraps, water balloon toss, pop can relay, poker walk, dancing, volleyball tournament, limbo contest and many more fun things for people

to interact with throughout the night and into the early morning hours.

Right as the sun went down people put up luminaries that lit up in the grandstands spelling the word HOPE. Along the side of the track were luminaries that people bought for others that they knew who had been a victim of cancer or are suffering from cancer. The teams set up their luminaries right by their camp site all along the track.

This year the event once again had many teams that raised over \$23,000 for the fight against cancer. The Relay for Life organizers are thankful for all the participants that took the time to help make this event possible and hope that everyone had a good time.

Shown above are the luminaries that participants put around the track for victims of cancer that they know

Relay for Life was for everyone including this little cowboy

People walked and talked with others during the 24-hour fight for cancer

This man walked backwards to enjoy the company of a lady and her kid that followed close behind him
