

Year in review

The Comprehensive Plan was completed and mailed out to each tribal member.

April 1999, Spilyay Tymoo mourned the loss of respected Editor, Donna Behrend.

Miss Indian World visits Warm Springs.

Simnasho opens store.

Staff at the Health and Wellness deliver their first baby at the new facility.

Warm Springs hosts the 6 foot and under Nationals. Champions were United Tribes.

The year 1999, saw many activities of interest both good and bad during the past year. First Rebecca Soliz was selected Miss Warm Springs at the pageant last winter and she has been busy representing the tribes all across the country at all Indian functions. A store has been opened up in the remote village of Simnasho, under the management of Ronnie Suppah, something that was really needed in that area.

The fishing along the Columbia River and at Shears Falls continues at a limited basis, with the Indians getting their share.

We always loose good people during the year and this year took its toll of some top personnel. Spilyay Tymoo lost a top person from the staff and the Pow-wows lost a top MC, the people lost good leadership, but that's just the way things go.

We frequently have important personnel visit the Reservation, this pasr year we hosted Miss Indian USA, we've had visitors from Australia, Japan, China, and Europe.

Hopefully the futrue is more bountiful in what ever activity we may become engaged with. Many ways to go for a brighter future.

Warm Springs Elementary held their first "Summer Academy". Successful enough to look forward to next summer.
