### Winter season to close Jan. 31, 2000

The Compact states of Oregon and Washington agreed with the Columbia River treaty tribes on opening the commercial setline fishery in Zone 6 (Bonneville, The Dalles, and John Day pools).

Zone 6 Winter commercial setline season: Opens noon on Saturday, January 1, 2000. All three pools are open. Only setline gear may be used. The fishery will close noon on Monday, January 31, 2000.

Area: Bonneville, The Dalles, John Day pools.

Restrictions: Hook size must be 9/0 or larger. Tribal fishers are encouraged to use circle-hooks and avoid J-hooks. All river mouth and dam sanctuaries remain in effect.

Allowable sales: The allowed sales during the winter sturgeon setline season will be restricted to sturgeon. Chinook and Steelhead may not be sold.

Sturgeon size limit: Sturgeon between 4 feet and 5 feet in length maybe sold commercially or kept for

subsistence.

Sturgeon catch guidelines: The sturgeon catch guideline for the year for Zone 6 pools are as follows: Bonneville Pool, 1,300; the Dalles Pool, between 1,000 and 1,200; John Day Pool, 1,160, for a total guideline of between 3,460 to 3,660.

Scaffold fishery: The scaffold fishery remains open year-around. Scaffold catch of sturgeon maybe sold during open commercial fishing periods.

If you have any fishing enforcement problems or need assistance or information day or night, contact the Columbia River Inter-Tribal Fisheries Enforcement Office, 4270 Westcliff Drive, Hood River, OR Phone: (541) 386-6363 or toll-free (800) 487-FISH (3474). Please consult your tribal Fish and Wildlife Committee for additional details on tribal regulations. PLEASE WEAR YOUR LIFE JACKETS FOR SAFETY!

### Winter snow storm blankets reservation

On Tuesday, January 11, a heavy snow storm forced travelers on Highway 26 to pull over and chain up. More snow is predicted for the weekend and for next week as well.

### Application being processed

The Confederated Tribes of Warm Springs intends to access federal funds to upgrade the wastewater treatment facility on Shitike Creek.

A loan and grant application is being processed through the US Department of Agriculture's Rural Utilities Service (formerly known as Farmers Home Administration). Grants are also anticipated from the IHS and EPA for the project.

The facility upgrade is needed to comply with tribal and federal environmental laws, and to support the community's ongoing growth.

Total cost of the project is approximately \$3 million. Grants should total \$1 million. The low interest loan would be in the 3 to 4% range. For information about the proposed project contact the Planning or Project Engineering offices.

Next deadline  
for Spilyay is  
noon January  
21, 2000

### Program helps disabled people

Have you heard that the Vocational Rehabilitation program helps People with Disabilities? The disability must result in a substantial handicap to employment. A substantial handicap is defined as a "physical or psychological challenge which impedes or will impede an individual's occupational performance by preventing or making very difficult his or her obtaining, retaining, or preparing for employment consistent with his or her capacities and abilities."

If you are an enrolled Native American and you have a physical or

psychological challenge that prevents you from obtaining, maintaining, or being promoted in employment, you are invited to attend an Orientation at the Vocational Rehabilitation program. Orientations are held every Friday at 10 a.m. up in the Industrial Park, Food Commodities Warehouse, in the Social Services side of the building. Orientations are open to anyone interested in learning more about the program.

It is important to note that you must be physically or psychologically able to work before seeking Vocational Rehabilitation services.
