The design of this logo was created to represent the contributions of American Indian Veterans (the eagle feathers), American of Japanese Ancestry veterans (the Japanese character meaning "to overcome"), and Native Hawaiian veterans (the hibiscus flower). Their fire burning below a representation of the map of Vietnam reflects the trauma that many of these veterans experienced and the healing they seek.

VIST--Visual Impairment Service For Vets

VIST (Visual Impairment Services Team)

Do you know a veteran who is Blind or Visually Impaired? People who are losing or have lost the ability to see, to drive a car, and to read normal print often feel that no one can help them. The Department of Veterans Affairs has programs that can help you.

The VIST (Visual Impairment Services Team) program is one of the services that can assist you with your problems with the loss of vision. This program is sponsored by the Department of Veterans Affairs. Full time coordinators are located at VA Medical Centers in Boise, Portland, Seattle, Spokane and Tacoma. Part-time coordinators are able to assist in all other locations.

In addition, Blind Rehab Outpatient Specialists (BROS) are located in Portland and Seattle. BROS provides initial assessments and follow-up training for veterans participating in blind rehabilitation. BROS also provides immediate needs training in local communities.

In order to help veterans with eye problems, we need to know your name, address, and phone number so we can contact you. Once blind or visually impaired veterans are identified, services are offered to eligible veterans.

The services offered to blind or visually impaired veterans include:

- Help you find the most appropriate medical care
- Set up regular eye care
- Counseling to help you and your family understand and adjust to your vision loss
- Let you know about FREE training that will help you build skills to promote independent living
- Review your VA benefits to make sure you are getting all you are entitled to
- Refer you to services in your area that may help you with job training, in-home independence skills, and many other resources
