

Annual event "Week of the Young Child" observed in Warm Springs April 8-15

ECE has their own bunnies bouncing around the area.

Looking cool in shades, waiting for the parade to start.

Warm Springs Early Childhood Education kids were able to touch and hold some of the animals on zoo day, including this snake.

Is that a real snake? ECE kids were amazed with the different types of animals that were brought in during the celebration of "Week of the Young Child"

Having fun blowing bubbles

The Week of the Young Child is a time to recommit ourselves to ensuring that each and every child receives the type of positive early environment--at home, at child care, at school and in the community--

that will promote their early learning. Making the early years count as the very best learning years for all children--that's what "Week of the Young Child" is all about

Besides petting this big bunny, ECE kids enjoyed petting the horse, playing with worms and playing with a kitten.
