Early Head Start news update

To all EHS Staff and Families. Mendoza and Juanita Simpson on Congratulations! WE have just completed our first year of program services to children and families here in Warm Springs. We would like to congratulate all who have partici-pated in EHS throughout the 1999-2000 year. Thank you for being a part of EHS and we look forward to serving you again. in 2001. Picture Day at ECE

September 11, 12, & 13. If inter-

ested, please let your home visitor now or call 553-3241 for information on rates packages, and times.

We will miss you! We have 5 children from EHS who are moving on into Head Start. We wish them continued success: Trevor Rodrigues, Jovon Heath, Alias Charley, Benjamin Charley and Austin Dodge.

What's going on in Group?

The first 20 minutes of group time are free play, a time for you and your child to play together. Next, everyone gets in a circle to listen to a story and sing songs. After circle time, we all line up and wash hands, and then we sit down together for a meal.

After finishing lunch and brushing teeth, children participate in art projects sensory activities, and explore the classroom. While the children and home visitors play, you will get helpful parenting information and ideas for fun family activities. We hope that you will let us know what kinds of topics you would like us to discuss in parent time and what would

make this time more valuable to you. In August, we read "When you Give a Mouse a Cookie", sang "The Wheels on the Bus Go Round and Round", played "Willaby Wallaby" and puppet peek-a-boo. The dads did feather and tissue paper art, and parents watched a video on infant massage, heard presentations by Dr. more than usual.

preventative dental care, and learned about the HELP assessment.

In September, we will continue reading "When You Give a Mouse a Cookie" and sing lots of fun songs. The kids will make texture books and play with squishy bags, and parents will talk about a variety of topics, including stress management/ organization, temperament and more.

Reminders: Please remember:

. Transportation is available to all EHS groups. If you need to be picked up for a group on Wednesday, please call by 9 a.m. and for the Tuesday evening group, before 2 p.m.; we do call families on the day of their assigned groups as a reminder. If you need a ride to a group other than your assigned one, please be sure to call us to request a ride.

Remember that all children under 3 must be secured in a carseat that been secured in the EHS van, and all passengers must wears seatbetls.

3. Finally, NO food or drinks are allowed in the van. Please help us keep our EHS van clean and comfortable. THANKS!

Parent Information

Teething is the normal process of new teeth emerging through the gums. Typically, teething begins at around 6 months of age (it an begin sooner) and continues until a child is around three years of age. Around the age of six, kids usually begin losing their baby teeth as their permanent teeth push up through the gums.

Signs that may indicate your baby is teething include: 1) Drooling 2) Gumming toys or other objects 3) Swollen, red gums 4) Irritability 5) Difficulty sleeping and 6) Crying

Madras High School Presents

Please join us for a free Chili Dinner and Open House September 8, 2000

Chili Dinner starts at 6:00 p.m.

Menu includes: chili, cornbread, chocolate cake, milk or punch.

Presentation starts at 7:00 p.m.

Take this opportunity to meet with your students new teachers and walk through their class schedule.

ONABEN CLASSES

You and Your Business Idea'-

Some ways to help ease the pain of teething are: 1) Rubbing your child's gums with your finger (remember to wash your hands thoroughly first). 2) Offering your baby a chilled teething ring, a clean frozen washcloth or teething biscuits. 3) Applying Orajel to baby's sore gums. 4) Giving your baby ibuprofen (children's motrin) or acetaminophen (children's Tylenol).

If your child has a fever or severe;u swollen, red gums, call the Health and Wellness Center at 553-1196 to speak with your provider or make an appointment for your baby.

We are still accepting applications for pregnant women and families with children ages 0 to 3 years. If interested please call 553-3241 and ask for June. She will gladly answer any questions that you may have.

F. Y. I. (For Your Information) Hand washing is one of the most important thing that everyone can do to prevent disease.

*Cigarette smoke contains 43 chemicals which are known to cause cancer. Exposure to cigarette smoke dramatically increases a childs's risk of ear infections, asthma and other lung diseases, SID (Sudden Infant Death Syndrome), and may other health problems.

*Studies show that holding and cuddling your baby helps to ease her pain when she doesn't feel well,

*It is a fact that long finger nails (real or fake are a nice place for dangerous germs to live. So, keeping your nails short helps to keep you and your children healthy.

*Zinc oxide ointment, which is commonly used for diaper rash, is an excellent skin soother and protectant for people of all ages.

*Allergies are a malfunction of a person's immune response. To prevent food allergies, you should not

Hepatitis B Vaccine shots required Please check your child's immu-

The state of Oregon is requiring additional shots for school children. Beginning in September 2000 children who will be entering the 7th grade must have Hepatitis B vaccine, second dose of measles vaccine (MMR), and varicella vaccine (or have had chickenpox).

News from IHS- seatbelts, dogs

days. If the owner fails to confine the dog, any tribal officer ca have the dog removed from the owner's property and taken to a veterinary hospital for observation. The owner is required to reimburse the tribes for this expense.

Dogs in violation of this ordinance can be impounded by any Tribal Police officer or person appointed for this purpose. Dogs will be held for a period of five (5) days and if not claimed, destroyed.

A two-week series of classes Designed to "Discover" and Encourage the Development of your Business idea beyond, 'Just an Idea' on , Tuesday's- September 19th & 26th from 6:00-9:00 p.m., Cost: \$10.00

STARTING A SUCCESSFUL BUSINESS- A ten-week series of classes designed to guide participants through the business plan writing process. The course materials and individual counseling sessions allow participants to work through the business planning process. The end results is a comprehensive business plan that can be taken to financial institutions for loan consideration! These classes will be held on Tuesday nights-October 3rd through December 5th from 6:00-9:00 p.m. every Tuesday thereafter. Cost \$100.00

Both classes will be held at the SBDC Conference room, 1134 Paiute Street, WSO for further information or to sign up please call the SBDC @ 533-3592/3593 or drop by the SBDC.

Mountain View Hospice Invites you to attend our **Bereavement Recovery Seminar** Mondays, Noon to 1:30 p.m. September 25 to October 30

In conference room A, (on the main level of the hospital) Bereavement is one of the most difficult times in a person's life. As with most challenges we face, it is easier to cope with it if we know what to expect, are not alone in the process, and have enough support. To this end, we are offering this free six week seminar for those who have lost

someone through death. For more information, or to pre-register, please call the hospice office at

475-3882, ext. 2310.

Notary training available

Wouldn't it be nice to always have a notary available? Protect yourself and or your employer's business by educating yourself on the Notary Laws you are required to know before practicing notarial services for your state.

Register early and save \$20

Enroll one (or more) of your employees for our one-day (6 hours) training seminar. Ideal for commissioned notaries who are required to know the current laws. Extremely beneficial for those who want to become a notary

For the first person, cost is \$139 (\$159 if postmarked after Monday, Sept. 11). Each additional person, cost is \$119 (\$139 if postmarked after Monday, Sept.11). This includes a workbook, sample testing, and certificate of completion. Notary journals will be available for \$15.00 each. Training sites are:

Portland, Oregon, Tuesday,

September 19 at the Sheraton Portland Airport, 8235 NE Airport Way, Portland, Oregon 97720.

Olympia, Washington, Wednesday, September 20, Indian Summer Golf & Country Club, 5900 Troon Lane SE, Olympia, Washington 98501.

Seattle, Washington, Thursday, September 21, Holiday Inn, 22318 84th Ave. South, Kent, Washington, 98032

Registration is 7:15 a.m. to 7:45 a.m.; training is from 8:00 a.m. to 2:00 p.m. (continental breakfast is served). Seating is limited, so it is recommended that you register early. Previous seminars have been completely filled.

Call toll-free now to register, 1-800-600-7201, N.S.I., Notary Seminars Inc.

Mail registration payments to: 4735 Rolando Blvd., Sand Diego, CA 92115

Surprising as it may seem, Warm Springs does have a Dog Control Ordinance. The ordinance was passed in 1962 and is known as Ordinance 36. The ordinance provides for the licensing of dogs, control and destruction of unwanted dogs, and pen-

alties for violations of the ordinance. The ordinance requires that dogs kept, harbored, or maintained within the boundaries of the reservation be licensed on or before May 1 of every year. Dogs over six months of age must be licensed. The only dogs that are exempt from the licensing requirement are "seeing eye" or "guide" dogs and non-residents that are temporarily visiting the Reservation. Failure to license the dog will be considered abandonment of the dog by the owner. Currently, there are only seventy-one (71) licensed dogs on the Reservation.

Before dogs can be licensed, the owner must show proof that the animal has a current rabies vaccination. The Warm Springs Environmental Health department currently has an animal certificate program that allows owners to obtain a vaccination series for just \$5. The certificates may be obtained by stopping by the Sanitarian's office in the Warm Springs Health and Wellness Center or by calling 553-4943

Owners are also required to provide their dogs with a substantial collar or harness to which the license and rabies vaccination tag is attached. This collar must be worn whenever the dog is "at large" or "running loose. Female dogs in heat, fierce or vicious dogs, or dogs that become a nuisance to others when they are walking along the streets are now allowed to run "at large" regardless of whether they are licensed or unlicensed.

Dogs that have bitten a person are required to be confined in an enclosed or by a substantial chain by the owner for a period of ten (10)

Dog Vaccination Clinic September 27, 1-4:00 p.m., 6-8:00 p.m. September 28, 9:00 a.m. to 1:00 p.m. Location to be announced.

Persons found in violation of this ordinance are guilty of a misdemeanor is if convicted, assessed a fine or imprisonment.

The Environmental Health Program also issues certificates for reduced spray or neutering services. Female dogs can be sprayed for a \$15 and female cats for \$10. Male dogs can be neutered for \$10 and male cats can be neutered for \$5. Few people seem to be aware of Ordinance 36 and most Warm Springs residents agree that we have a dog control problem. Perhaps if we all did our part to live up to the ordinance we have in place and to participate in the programs that are available, some of the problems would be taken care of. Seatbelt Usage Rates

Congratulations to the Warm Springs community for taking steps to improve the health and safety of your members! When I came to Warm Springs community in August 1991, the seatbelt usage rates were about 10%. The Tribal safety Committee tried in 1993 to pass a seat belt ordinance but were told to do community education. In April 1999 after six years of education activities, our usage rates were still only about 13%. The Tribal Council recognized

that education alone was not bringing the seat belt and child restraint ordinance in October. The law went into effect in April of 2000. Between October, 1999 and April, 2000 the seat belt usage rates went from 13% to 33%. The police decided to give a 60-day warning period and in July, 2000 the usage rates were 53%. Imagine what the usage rates will be once enforcement really begins! We could be a leader in the state. Of course the most important reason to wear your seat belt is because it will save your life and ultimately this is everyones goal.

USDA to provide \$5.5 Billion in supplemental AMTA payments

WASHINGTON, Aug. 30, 2000--Agriculture Secretary Dan Glickman announced today that start-September 1, USDA will begin making \$5.5 billion in supple-mental payments to about 1.4 million producers. "These payments, part of a \$7.1 billion relief package, will help our Nation's farmers weather these difficult times," said Glickman. "Even with these payments, and other assistance USDA is providing, there remain serious, long-term, structural problems in American agriculture. The Clinton-Gore Administration has repeatedly said that the 1996 Farm Bill does too little to help farmers during bad times. The pain felt in farm country today is evidence that the

1996 Farm Bill is fundamentally inadequate and a stronger farm safety net is desperately needed." USDA's Commodity Credit Corporation will issue payments to those farmers who received a final fiscal year 2000 Production Flexibility Contract (PFC) payment; sometimes called Agricultural Market Transition Act payments or AMTA payments. These payments will be automatically paid to eligible farmers, who will not have to file any forms or visit any offices

\$.35

NOTE: USDA news releases and media advisories are available on the World Wide Web at USDA's Home Page: http://www.usda.gov

WEDD offers orientation

Orientation to Workforce Development Programs and Services This is a special invitation to employers and prospective applicants

to learn about the employment and

training opportunities available

through Workforce Development programs, Tribal and Federal for both adults and youth.

The first orientation will be held August 23, 2000, 9:30 a.m.-10:30 a.m., at the Workforce Development Department office located at 2101 W. Wasco Street., Thereafter, orientations will be held every second and fourth Wednesday of the month.
