

# Starlight Holiday Exhibit puts the spirit of Christmas in the air

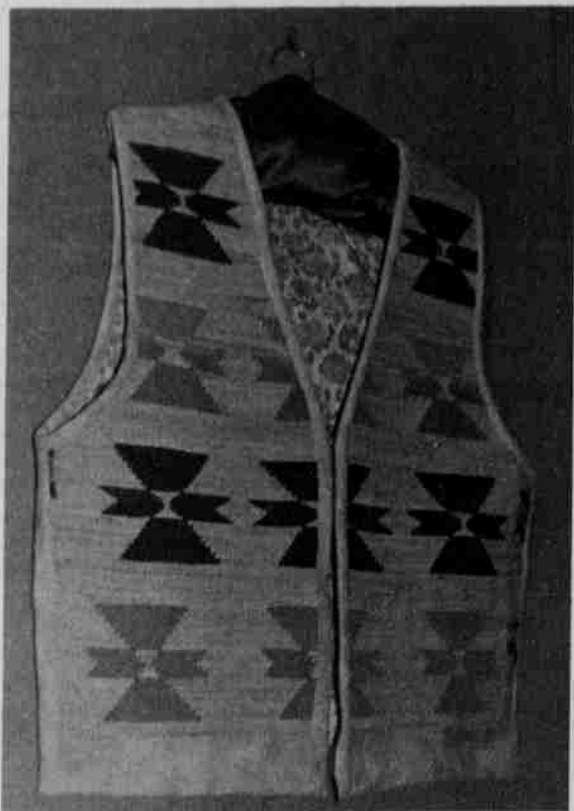

On November 5, 2000 the Museum At Warm Springs open the doors to their new Changing Exhibit "Starlight Holiday Exhibit" to warm the hearts of all who visit in the spirit of Christmas. The holiday season approaches and the spirit of giving is in the air. Special gifts made from the heart are on display. Other items on display are from the Museum Artifacts that compliment the show.

This exhibit was presented as an idea and made into a reality by the Museum as the first time ever exhibit. This will be an annual event after this first year. Community members and employees of the organization will be able to exhibit their Christmas-like items.

Items on display are also for sale.

This cornhusk woven vest is a beautiful display from the Museum's collection.
