Letters to the editor

Voicing concerns

To the editor,

Complete, Timely, Honest and Friendly service is very effective customer service for any business but I question why Tribal Members cannot receive this from our own Tribal Council, our own entities, etc.? I will also question why we cannot implement new, updated tribal laws to protect our People? I see that the "Label" law didn't take any time to pass! And for this I question, why is it this tribal law was passed so quickly, is it because Certain People did not want to hear the questions thrown at them or does the truth really hurt? Or could it quite possibly be that there is truth to the rumor that this Tribal Council is spending our Rainy Day Fund Monies?

These thoughts arose after reading the

May 17, 2001, issue of Spilyay Tymoo/We've Got Mail, and We Want More, But Be Respectful! As the old saying goes, In Order to get Respect, You Got to Give Respect! The new non-Indian employee, Mike Van Meter has recently drove up in our community and so I question, HOW CAN A NEW COMER DETERMINE IF VOICING OF CONCERNS ARE LIBEL OR MALICIOUS?! Is he only going on ORDERS from his superior or tribal council? Has he been around long enough to know what's really going on in our backyard?

In order to build a more positive professional image for the CTWS newspaper, may I suggest inserting a page for Tribal Members Concerns! It's only evident that the Agency District Tribal Council Reps do not communicate with their People on a timely

basis; so how is one suppose to let concerns come out and be known especially when only one side of the story is heard! I question our freedom as being run by dictatorship rather than sovereign! The Spilyay Tymoo staff need to be brainstorming on updated intensive techniques on communicating to fit all our Customers! The only changes I have really seen are different font usage and the stressing of the new tribal law, libel. I would like to see new updated computer equipment and Xerox machinery so that our newspaper can be printed here!

Peace,
Emma M. Smith, Tribal Member

Always in our hearts

To the editor,
I would like to express my appreciation

and say a few words to all my family and friends. There is so much I'd like to say concerning the death of my "li" brother Fred Johnson, Jr. Jr. meant the whole world to my family and me, he was always wanting to help in any way he could. He never meant any harm to any one. Jr. will always be in our hearts. Our good times and all the sorrows we shared together.

I'd like to thank Rose Mitchell, Evelyn Sam, Larry Dick, Nelson Wallulatum, Ramona Schuster and Alex Tohet. The names could go on but my heart goes out to everyone who helped us through our hardship and big loss of my "li" bro.

Thanks to drummers, dancers, cooks, gravediggers and thanks to all who donated food, material goods and most of all, a shoulder to cry on. Although we received a lot of

support that is much appreciated, I would also like to request prayers for my family and myself. I thank our creator for all the support we received from everyone. May he bless us all...

With all my love and respect,
Aleatha Wolfe-Heredia
