

Community plans Valentine's Day activities

New Cupid's Corner has holiday gifts

The Recreation Department would like to announce a new Valentine's Day activity named "Cupid Corner".

The activities will replace the Valentine Day activity formally known as "Hug O Grams".

Cupid's Corner will offer different gift packages for sale to all community members wishing to surprise their special valentine.

Prices range from \$2 to \$10.

The Recreation Department will not be offering delivery this year; all gifts purchased will be self-delivered.

Cupid Corner booths will be set up throughout the community at different times to try and accommodate a majority of those Valentine Day shoppers. The schedule for Cupid's

Corner will be as follows:

10 a.m. - 12:30 p.m. Warm Springs Market.

10 a.m. - 2 p.m. Administration Building.

2 p.m. - 4 p.m. E.C.E. Lobby.

Cupid will also be set up the evening of Wednesday, Feb. 13. This is when the Recreation Department will host the "Sweetheart's Baby Valentine Party" in the Community Center Social Hall with activities beginning at 6 p.m.

Last year, this was a huge success with many community families turning out for the event.

Just a reminder, this party is for the entire family, not just babies.

However, there will be many baby contests as well as other contests for the rest of the family.

Other activities will include sale of Cupid's Corner items and a Valentine's Day Picture Booth.

Rather than training tribal members to deal blackjack, Henderson said, you would be training them in the use of the latest computer software, for instance.

He pointed out that the tribes currently are very limited in the ability to attract new businesses to the reservation.

The only available building that a new business

could move in to on the reservation, Henderson said, is the old textile building at the industrial park. The building is only 6,000 square feet in size, said Henderson.

Revenue from a casino at the Gorge, he said, would allow the tribes to construct facilities that would attract new business enterprises to the reservation.

Councilman Zane Jackson was the one council member at the meeting last week who spoke in favor of HeHe Junction as a casino site.

Jackson said that the vehicle traffic on Highway 26 through the reservation is great enough to support a successful casino at HeHe.

Jackson said that the tribes should keep its gaming enterprise on the reservation, rather than building off reservation.

Other members of the council are in favor of the Gorge site.

Chief Delvis Heath said it is a good thing that the gaming expansion question will be left up to the people.
