

Annual event teaches children

What is the Grade School Open House??

It is when the second and fourth graders have an hour of fun, educational guided tour of the clinic!

All done to a Pirate theme! The Health and Wellness center just had it's third annual clinic-wide tour on Wednesday, 2/20/02. Before that Dental only held this event. The tour included:

In Pod A we had a safety obstacle course & 4 things to be healthy.

In the Dental Pod b, there was a brushing your teeth puppet show and tour.

In Pod C, there was a pirate poison prevention skit and Dr. Bones talked about the skeletal system.

Children were in scrubs during the Health and Wellness Center open house.

This is an annual event to help kids learn healthy habits, have staff and children have fun

together, and for kids to have a positive experience within the clinic.

Students at Madras High School congratulated for outstanding attendance
