

# Honor Seniors Day is fast approaching

## Patriotism chosen as theme of event

The theme of Warm Springs Honor Seniors Day this year is "Our Flags Fly Together."

This patriotic theme was inspired by the tragic events last year on September 11, said Elton Greeley, director of the Warm Springs Senior Department.

Honor Seniors Day this year will be marking its twelfth anniversary. "We invite seniors from all over the Northwest," said Greeley. "And I'm told this year we may have a delegation from South Dakota." Between 900 and 1,200

people are expected to attend Honor Seniors Day in Warm Springs. Honor Seniors Day this year is Friday, May 10 at the Agency Longhouse.

The day begins at 8 a.m. with registration. At 10 a.m. is the Early Childhood Education Powwow, followed at 11:30 by the posting of colors, invocation and welcoming. Sack lunches in the afternoon are provided for free.

Special recognition, awards, fun-time seniors' games and unique entertainment are set to begin at 1 p.m. The Honor Banquet is at 5 p.m. Senior citizens have priority seating.

## Community Garden is returning

The Community Garden is returning, and residents are being asked for some ideas for this project. The first meeting will be from 6 to 7:30 p.m., Thursday, April 18 at the garden site south

of the Tribal Administration Building. For more information call Tuck Ainge at IHS, 553-1196, or evenings, 553-1842. You may also call Rosanna Sanders at the OSU Extension office at 553-3238.

# School: cost-cutting measures under discussion

(Continued from page 1)

"As much as I do not like it," said Manion, "I believe that without passage of this measure, we are looking at significant budget cuts this year."

The school district for the present year had a budget of \$24 million, which also appears to be the amount the district will be working with for the upcoming budget.

If the budget stays the same from one year to the next, then that represents a budget cut, because there is no budget increase to match the cost of living increase, said Manion.

This is the first time in his seven years on the 509-J board that the district is facing such a cut, he said.

"We're facing an uncertain future in terms of the budget for the next school year," said Manion. "The picture will become clearer in May."

Meanwhile, the board has been discussing means of addressing budget matters. For instance, it is possible

that the district may adopt a pay-to-play sports policy.

Athletes at Madras High School would pay \$50 per sport, and at the middle school, \$25 per sport.

Along with pay-to-play sports, many other school budget-cutting suggestions are on the table for discussion, Manion said.

With 80 percent of the district budget dedicated to personnel, there may be a reduction in employment. However, he said, "everyone on the budget task force is committed to maintaining a low teacher-to-student ratio." Maintaining the low ratio for the coming year is one reason why Manion is leaning in favor of Measure 13.

Asked whether the budget situation could delay construction of the new Warm Springs Elementary School, Manion said, "The school board is committed to the new school."
