Thanks to powow committee for their time and kind words

By Steve Botz

Christmas is a time for giving. In the Native American community, it is a time for powow (a Native American pre-contact going ready for the Christmas season).

At this time I would like to give a few words to the people of the Warm Springs Reservation. The annual powow gathering was held December 5th and 6th at the Warm Springs Conference Center. I would like to thank the powow committee for their hard work and time in putting this powow together.

The powow was an opportunity to see the true Native American spirit. The powow was a way to reconnect with our people and our traditions. It was a time to celebrate the spiritual and cultural heritage of our people.

I would like to thank the powow committee for their hard work and time in putting this powow together.

Good cause

Many cause by the m" mere s help Thomsel thereat the Clifs Christm 1.

Thanks to the families that the have helped in the past and this year. The m" mere m" were donated Frank and with others. We will use these donations to offset the costs of the powow. We have, and we will continue, to support our community and our culture.

We all have benefited from the powow, our families, our relatives and our visitors.

However, we, the fathers, have a responsibility to raise our children and teach them about our culture.

I would like to thank the powow committee for their hard work and time in putting this powow together.

Not enough revenue at other casino sites

By Warren R. Chetson

An information sheet containing the potential casino sites for the Warm Springs Reservation has recently been distributed to the Warm Springs community. This includes a discussion of the potential sites and the estimated revenue they could provide.

Some of the sites include:
- Crater Lake (including the Crater Lake Lodge) - potential revenue of $15 million to $20 million per year.
- The Warm Springs Casino - potential revenue of $10 million to $15 million per year.
- The Warm Springs Hotel and Casino - potential revenue of $5 million to $10 million per year.
- The Warm Springs Conference Center - potential revenue of $3 million to $5 million per year.

Despite these potential sites, the community has not yet made a decision on which site to pursue.
