Volunteers help with garbage pickup

By Leslie Mitts

Tribal employees set out to make Warm Springs a little cleaner Dec. 5 with the a trash pick-up session.

Many hope that it is the first of what will become many sessions—leading to the eventual cleaning of roads throughout the town.

Employees from the Department of Natural Resources and Fire Management spent two hours cleaning away trash from Highway 26 and Highway 3.

Special emphasis was given to the section of road between the industrial park and the land-

fill, where trash often blows off of uncovered loads of garbage being taken to the landfill.

The session was organized as part of the greater effort to clean up the reservation, which will include a change in policy at the local landfills.

As of Jan. 1, a fee will be charged to dump garbage at the landfills.

According to Nancy Collins, "Along with that we are going to start to emphasize to people that you need to cover your loads when you come out."

In the past the reservation implemented an "adopt a road" program that never really took

off, Collins said, but could potentially be reinstated if interest in the program is substantial.

Collins also spoke of gaining additional volunteers for the future from students and youth groups as well as from various departments on the reservation.

I.H.S., the Planning Department, Governmental Affairs, Housing, the BIA and Natural Resources collaborated to organize the event.

For more information, or to volunteer your time, contact Collins at 553-4943 or Urbana Ross in the Planning Department at 553-3270.

Toy drive at Fire Management

Warm Springs Fire Management is conducting a toy drive for Christmas.

The gifts will be given away to children of low in-

come families on the reservation.

Anyone wishing to make a contribution can stop by Fire Management at the Industrial

Park. The toys need not be wrapped for donation. Items may be donated between now and Christmas.
