## Why a Hall of Fame?

By Mike Clements

A Hall of Fame should be established to permanently honor individuals who have participated in activities that are identified here on the Warm Springs Reservation.

There is a rich heritage that our people have accomplished over the many decades.

The select few who are elected for induction will represent the very best the tribal people recognize, and will bring honor to themselves, their activity, and the Confederated Tribes.

Perhaps each spring we could select the candidates from the activities that are eligible for consideration and place their

names in our Hall of Fame.

Plaques honoring each of the inductees and their achievements could be permanently displayed at a location where people could see them.

This would be something we should start in the coming year after some good discussion.

At the July 15 round table we had three people attend. Benny Heath, Gerald Smith and I were there, and had a lively discussion on ideas and thoughts.

We went away with the thought that we would look at other tribes and organizations with a hall of fame in place.

We felt we could gather some information that we could share at an upcoming round-table discussion.

## Wedding announcement
