

Changes to Summer Youth program

All interested youth who would like to work this summer for Summer Youth 2009, are encouraged to apply anytime.

This summer due to budget constraints, the program will only have 120 youth slots.

On June 5, whoever has applied for the summer program will be entered into a lottery. Youth whose names are drawn in the lottery will be given an available slot.

So, youth have until June 5 to apply for the summer program.

Rate of pay is going to be \$7.25 per hour.

First available work date will be June 15 and the last day to work is August 28.

The Program will not be having an after-school work program. All the money will be utilized towards the summer program only.

The program will also be doing a new orientation for 14-year-olds; so please watch for dates, times and places for this.

The orientation is a manda-

tory class for the new 14-year-olds. The orientation will inform the program participants about work ethics, payroll, safety, and other topics.

Work Force Development will also be hosting a one-day youth conference in May. Please watch for fliers and posters.

If you have further questions or concerns, please give the Summer Youth Program a call at 553-3324; or drop by the office located on campus at 1134 Paiute street.

OSU taking applications for middle school science camp

Oregon State University is taking applications for 48 Oregon middle school students to attend the ExxonMobil Bernard Harris Summer Science Camp this summer at OSU. All selected campers will be funded by scholarship.

Application deadline is Wednesday, April 15. Information is available on line at oregon.4h.oregonstate.edu/summer-science-camp. You can request a printed copy from Camp Coordinator Andy Hoffmann by calling 541-737-4081 or email fourhscicamp@proaxis.com.

The two-week residential camp, August 4-15 on campus, offers students entering grades six, seven and eight innovative ways to enhance their knowledge of science, technology, engineering and mathematics. Leadership and citizenship are main themes, and students are encouraged to stay in school. Full cost of the camp's education program, food and lodging is covered by a grant from the ExxonMobil Foundation and The Bernard Harris Foundation.
