all times.

Weatherization Service

If you live in a mobile home and heat it with energy from Pacific Power or Cascade Natural gas, then you qualify: We will deliver and install five energy saving C.F.L. light bulbs, low flow aerators showers and sinks to reduce your water usage, and test and seal your home and heating ducts, all for free!

We will come test your home for leaks and seal those leaks. Our technicians focus on the leaks in your heating ducts. This is considered to be the most cost effective conservation measure that can be done in mobile homes and that is why your utility is paying for it.

At Habitats Energy Services we are "trade allies" with the Energy Trust of Oregon. This means that we are one of six contractors in Oregon that can deliver this to you. We are a fully licensed and bonded company with the state: CCB#180269.

Call us at 383-4944
or visit us at habitatsenergy.com.
