

Dave McMechan/Spilyay

Volunteers serve at the Back to School Barbecue at the elementary school.

## Howlak Tichum

Orlando Doney, 1963-2011

Orlando Doney passed away on August 12, 2011, after a hard fought battle with cancer. He had just turned 48.

His children are Sara Starr, Jeremy Starr Doney, Dennis Starr and Chezeray Starr. His grandchildren are Tyree and "Boogie." His companion was Lenora Starr.

He worked for the Confederated Tribes of Warm Springs Natural Resources Branch as a fisheries technician for 10-plus years protecting the salmon.

His favorite pasttime was volunteering at the radio station and playing stickgame. He learned to play stickgame when he became companions with Lenora Starr.

He generously gave smiles, made people laugh and forgave easily.

Even as a patient in the hospital, he was quick to offer a prayer for other patients or joke with the staff.

He will be missed.

We would like to thank the drummers, cooks, the staff at Mt. View Hospital, Doug Kowaleski, Samuel Starr for

dressing him, Ike family for preparing his outfit, Ramona Starr for your guidance, Kip Albert for being there and helping the kids with gifts for the ceremony and acknowledging your relationship with Orlando, Alvin Schuster for his assistance as well as his son Abe Schuster.

Many of his high school friends and former co-workers were present and we are grateful for your support and testimony. Thank you to the persons bringing the traditional foods; Nola for the Roots; Sam for the Huckleberries; Francis for the deer; the Confederated Tribes for the Salmon; Ramona for the Chokecherries. Thank you to Wilson Wewa for officiating and the fan you gifted Orlando and your support to our family.

The list is long and I don't mean to forget anyone. You know what you contributed and so does the Creator. With love and gratitude,

**Lenora Kim Starr on behalf of our children, Sara, Jeremy, Dennis and Chezeray.**

## Fires

(Continued from page 1)

Highway 26 was closed at various times last week, because of very limited visibility due to smoke. Traffic was re-routed to Highway 3. The Deschutes River was also closed to rafters.

The first few days after the storm were the most intense, with homes—especially at Sidwalter-School flats—threatened through the first weekend.

The fires burned mostly in grass and rangeland areas. The Natural Resources Branch is assessing the extent of the reservation timber that burned. As of Tuesday of this week, the High Cascades Complex fires were reported to be about 60 percent contained, said Fire Chief Martinez.

There are many people and organizations, he said, that were of great help during the fires. The State Fire Marshall's Office, he said, was of great help, sending several task forces to the reservation. Crews arrived mostly from Oregon, Washington, Idaho and Montana. Some were from farther away, such as New Mexico and Arizona.

## Harvey pleads guilty to voluntary manslaughter

Windy Harvey, 29, of Warm Springs, entered a guilty plea on August 29 to voluntary manslaughter.

Harvey, who remains in federal custody, was ordered to appear for sentencing on Nov. 16. The plea agreement in the case calls for the defendant to be sentenced to 10 years in prison.

The manslaughter incident happened on August 15, 2008.

On that day, shortly after midnight, the Warm Springs Police Department responded to a call of a shooting at a home in Warm Springs.

The police arrived at the residence and found that Warren Wallulatum Jr., had been fatally shot.

Witnesses reported to police that Harvey shot and killed Wallulatum after an argument broke out between the two men.

Harvey, who had initially fled the scene, turned himself in to the Warm Springs Police Department later in the day. Both the defendant and the victim were enrolled members of the Confederated Tribes.

The case was investigated by Warm Springs Police Department, the FBI's office in Bend. Assistant U.S. Attorneys Scott Kerin and Craig Gabriel prosecuted the case.
