PA TUHUYA - ELK

We have 11 students enrolled in this years classrooms.
We have two separate classrooms this year

There are some returning students from last school year, and new students are learning everything our first years students learned.

The new students are learning all the basics of classroom etiquette and commands, all language of meals ie, kitchen/foods for all meals.

IMULAK - ELK

Also learning Tribal Social dances and songs which are done each Thursday.

Our returning students have advanced to longer phrases and more words.

They are leaders to the younger students.

One of the second year students had a Ichishkiin Language conversation with one of the Language Instructors, it is so amazing what these young students can learn.
