This school year, there are two language classes, They have traditional Thursdays, they learn the social dances of the Tribes. At each meal, the students sing the table song all on there own. The language is used very well by the teachers, there is one student that carries on a conversation with one instructors all in the lanuage, it is so amazing how these young language learners are catching on. The Culture & Heritage Staff are very proud of our students, and thank the parents for bringing them to class.
