Vote ~ Kim Schmith ~ Jefferson County Commissioner

My priorities

Education: I wholeheartedly support the Warm Springs K-8 Academy and stand with Madras High School providing classes in the trades. Vocational courses provide a whole new world of opportunities for our youth—opportunities that pay well, may help keep them in our community, and also strengthens our local workforce.

A vibrant economy: I will listen to our communities, help establish priorities, and work to develop balanced economic solutions to help us attract outside investment and spur economic development.

Affordable housing: Whether renting or looking to buy, people in our communities should be able to find housing that fits their needs, is in reasonable condition and doesn't cost so much they can't afford other basic needs.

Rural livability: To protect our way of life, preserving our rural lifestyle, communities and values, we must modernize our infrastructure; starting with improving Internet services, and keeping roads and buildings in good repair.

I bring a common-sense approach to problem solving, believe government is strongest when inclusive of all its residents, and am not afraid of hard choices or hard work.
