To know about your Minors Trust Fund account

Tribal Council in 1957 established the Minors Trust Fund of the Confederated Tribes of Warm Springs.

The purpose was, and remains, to hold Celilo Settlement Agreement per capita payments for minor tribal members in trust until they became adults.

Tribal Council in 1958 amended the Minors Trust Fund trust document between the tribes and its.

The purpose of the amendment was to clarify its "purpose of providing funds to assist in payment of continuing education costs of (tribal) members;" and to authorize the deposit of future per capita payments in the Minor Trust Fund.

A portion of an enrolled member's monthly per capita is contributed into a trust account at the bank.

A tribal members become eligible for the first four annual distributions when he or she turns 18. However, age isn't the only eligible criterion:

The revised policy can be found in Tribal Council resolution no. 11,691(a) adopted on January 23, 2013.

To be eligible for a distribution, an 18 year old must also have graduated from high school with a cumulative GPA of 2.0 or higher.

Youths who don't graduate, or whose cumulative GPA is less than 2.0, must wait until the next regular cycle before they may reapply for a distribution.

Those who reapply must also have successfully completed at least one term at a college or other vocational institution, or have completed one year of a formal trade apprenticeship program to become eligible.

Individual distributions are based on a uniform payment schedule, birth date, and satisfying educational requirements. If your birthday falls between April 1 and September 30, your Minors Trust Fund distributions will be part of the fall distribution.

If your birthday falls between October 1 and March 15, your distributions will be part of the spring distribution.

Approximately one-quarter of an eligible individual's Minors Trust Fund balance at age 18 may be distributed annually over a four-year period, plus additional earnings, beginning at age 18.

If you attain education requirements-graduate from high school with a cumulative GPA of 2.0 or higher—by age 18, you will be eligible to receive onequarter of your Minors Trust Fund account balance.

You must obtain documentation of graduation and GPA and deliver copy to Vital Statistics. At Vital Stats see Lucille Suppach-Sampson.

Alternatively, you must obtain documentation such as a New Modified Diploma, Extended Diploma or some

other type of alternative certificate specified in resolution no. 11,691(a).

You must reply to the letter received from Vital Statistics, and indicate whether funds shall be paid by Treasury Check or by deposit into an IIM account; and provide a current mailing address and other contact information.

If no letter is received from Vital Statistics, contact them and advise them of your age and eligibility.

A parent of a minor under the age of 18 can come to Vital Stats and request an

Internet account access user application and disclosure form to monitor the minor's trust fund account.

Just a reminder: Once a youth reaches the age of 18, Vital Statistics will communicate directly with the individual regarding the Minors Trust account.

Access to Internet account for monitoring will also cease once the youth reaches 18. Accounts will then be set up with the youth who has turned 18.

Vital Statistics can be reached at 541-553-3252. Their fax is 553-2236

The primary contact is Lucille Suppach-Sampson.

Employment
