## Zone 6 fishery closure

The four Columbia River treaty tribes made a change last week to the zone 6 fishery, because the total allowed treaty mainstem spring catch was expected to be met, based on the Columbia River mouth run size.

The zone 6 platform, and hook and line fishery closed last Thursday, May 31. The summer management period begins on Saturday, June 16. Subsistence platform fisheries will re-open at that time. Summer season commercial fisheries will be announced later.

The announcement, released by

the Columbia River Inter-Tribal Fish Commission, was not a formal fishery regulation: The individual tribes determine actual fishing regulations for the members. Copies of the regulations are available from tribal fishery departments.

Treaty tributary fisheries are managed based on separate limits and are not affected by the closure of the mainstem fishery. Please consult with the Fisheries department at the Branch of Natural Resources.

## Donation requests from Indian Head Casino

The Confederated Tribes of the Warm Springs and the Warm Spring Gaming Enterprises are dedicated to making a positive and rewarding difference in the lives of the Warm Springs community members and its surrounding areas.

Our goal is to provide contribution to tribal member youth and senior citizens for health, education, community development, and the environment.

### Guidelines

The budgeted resources are limited, so it is wise to ensure a wide range of support to impact the greatest number of people.

The following guidelines help the

Gaming team focus on our contributions:

All requests must be submitted 30 days prior to the event or deadline date.

In-kind donations/sponsorship request form shall be completely filled out and submitted to the Donations Committee 30 days prior to event.

In lieu of a cash donation, the committee may consider donating an item, an Indian Head Casino or Plateau Travel Plaza Gift Card to be used towards a fund-raising raffle for an event which may include team sporting events or activities.

Past fulfillment of a donation

request does not obligate Warm Springs Gaming Enterprise to future donations requests from the same organization.

It is at the discretion of the Donations Committee to reevaluate a donation request, which the Gaming Enterprise has contributed to in the past.

All donation requests denied will receive a form letter.

Requests must primarily be for events and programs that support the Warm Springs community and surrounding areas in which we operate and serve, or in the best interest of the Warm Springs Gaming Enterprise.
