Resolution of Tribal Council

Lamprey

Whereas the Treaty with the Tribes and Bands of Middle Oregon on June 25, 1855 secured to the Confederated Tribes of the Warm Springs Reservation of Oregon the right to take fish at all usual and accustomed stations in common with citizens of the United States, and Willamette Falls of the Willamette River at Oregon City is one such treaty-reserved 'usual and accustomed' fishing stations; and

Whereas for not less than time immemorial Warm Springs tribal members have harvested eels, also known as lamprey, at Willamette Falls, Bull Run, Sandy River,

Clackamas River, North Santiam River, Deshutes River, 15-Mile Creek, and at other 'usual and accustomed' fishing stations to use for ceremonial, subsistence and other purposes; and

Whereas it is important as an exercise of sovereignty and to meet the conservation needs for the resource that the tribe actively manage the eel fishery at Willamette Falls; and

Whereas Section II J. of the 2018-2027 United States v. Oregon Management Agreement, executed on November 21, 2017 by the Warm Springs Tribal Council Chairman, and on October 31, 2017 by the Director of the Oregon Department of Fish and Wildlife,

which is an order of the Federal District Court of Oregon in case Civil no. 68-513-KI requires a process that includes discussions between the State of Oregon and Warm Springs and other party tribes each year to establish lamprey take (harvest) levels at Willamette Falls each year; and

Whereas those take or harvest levels of lamprey at Willamette Falls are man-

aged by and through Warm Springs tribal regulations establishing the time, place and manner of lamprey harvest; and

Whereas the State of Oregon did not enter into the process as required by the United States v. Oregon Management Agreement to work with Warm Springs and other party tribes to set the annual take regulations, and unilaterally declared what the 2014 Willamette Falls take regulations would be in a letter dated May 6, 2019, and moreover said letter is represented as a 'permit' issued by Oregon for lamprey harvest at Willamette Falls; and

Whereas the tribes' lamprey harvest at Willamette Falls is pursuant to its June 25, 1855 Treaty with the United States, and no license, permit or authorization of any type by the State of Oregon is necessary for the tribe's harvest of lamprey at Willamette Falls, and therefore the tribe does not acknowledge or accept the purported permit offered by the State of Oregon; and

Whereas notwithstanding

ing the State of Oregon's failure to adhere to the terms of the United States v. Oregon Management Agreement, and while rejecting the May 6, 2019 letter as a 'permit' or any emblem of state regulation, the tribe has treated the state's time, place and manner provisions as its recommendations and advice to the tribe, and those have been considered by the tribe in establishing the Warm Springs tribes' time, place and manner conditions of the 2019 lamprey harvest; and
