Clinic welcomes new director

The Warm Springs Indian Health Service clinic welcomes new director Hyllis Dauphinais. Mr. Dauphinais joins the clinic following the retirement this year of longtime clinic director Carol Prevost.

Mr. Dauphinais is a member of the Turtle Mountain Band of Chippewa, from North Dakota.

His wife is Nancy, a member of the Spirit Lake Tribe of North Dakota. They have been married for 27 years, and have three boys, all grown and on their own now.

"Our oldest son has two daughters, so we are very happy grandparents to a 2year-old and a 4-week-old," Hyllis said.

Our oldest and middle boys live and work in Dickenson, North Dakota,

Clinic director Hyllis Dauphinais

and the youngest lives in Phoenix, Arizona.

Mr. Dauphinais worked

25 years for a tribal manufacturing company, Sioux Manufacturing Corp., be-

fore joining the Spirit Lake Health Center, located in Fort Totten, North Dakota.

He served as the administrative officer for five years, before moving to Phoenix to become their first practice manager at the adult Primary Care Clinic. His goal was to lead the clinic's effort to achieve Patient Centered Medical Home (PCMH) recogni-

The clinic successfully completed its PCMH survey. and recognition in July of this year.

Mr. Dauphinais joined the Warm Springs IHS clinic in November. He met with Tribal Council this week, briefing Council the goals and objectives of the clinic, and the Joint Health Commission.

Resolution of Tribal Council -

Tribes join study of elders needs assessment

ated Tribes of the Warm Springs Reservation of Oregon believes that long-term care, a category that includes health promotion, home health services, personal care, housekeeping assistance, meals-on-wheels, skilled nursing care, assisted living, and other in-home

services, is an emerging unmet need in Indian coun-

Whereas the North Dakota, Alaska, and Hawaii National Resource Centers on Native Again have been awarded grants through the Administration for Community Living (ACL) Department of Health and Human Services, to provide technical assistance on the health and social needs of American Indian, Alaska Native

and Native Hawaiian elderly, and assist these groups in conducting a needs assessment which is a requirement of their ACL grant; and,

Whereas the needs assessment is designed to yield information on the follow ing Native elder health care needs, as follows:

Demographics.

Whereas in addition to

providing technical assistance, the grant to the North Dakota, Alaska and Hawaii resource centers on native aging is required by the Older Americans Act to perform research and disseminate the results of the research: and.

Whereas the North Dakota, Alaska and Hawaii National Resource Centers on Native Ageing are asking tribes throughout the nation to volunteer to participate in a partnership arrangement to identify the needs of American Indian and Alaska Native elders nationwide, in which the resource centers and the tribe/consortium will each assume responsibilities:

What the Resource Center will provide: Needs assessment instrument. Assistance in sampling. Training of interviewers. Consultation with interviewers via email or telephone. Data entry and analysis. Data storage on a secure server. Production of tables and comparisons with national statistics.

What the tribe/consortium will provide: A tribal resolution documenting participation in the Native elder social and health needs assessment as applicable. A list of elders to interview. Interviewers or volunteers to conduct the survey. Interpretation of the results with local input. Development of recommendations for actions. Dissemination of the results to tribal leaders and health officials.

And:

Whereas the summary of information from the

Confederated Tribes of Warm Springs' assessment, along with a national comparison report from all the needs assessments, will be returned to the governing Tribal Council and to the local contact person; and,

Whereas the confidentiality of enrolled members and tribal consortium information is of the utmost important; therefore the information in this needs assessment will be collected anonymously by tribal members with a digital copy of the data stored on a secure server at the UND School of Medicine and Health Sciences for a period of at least 10 years or longer. Paper copies will be retained for six months after the cycle ends to ensure accurate data entry, then destroyed; now therefore,

Be it resolved by the Twenty-Eighth Tribal Council of the Confederated Tribes of Warm Springs, pursuant to Article V, Section l(a) and (d) of the Tribal Constitution and By-Laws that Tribal Council hereby authorizes participation in the "Identifying Our Needs: A Survey of Elders" Native elder social and health needs assessment; and,

Be it further resolved by the Twenty-Eighth Tribal Council grants permission to the North Dakota, Alaska and Hawaii National Resource Centers on Native Ageing to use all collected needs assessment information in aggregate format for the purpose of disseminating state, regional and national results from analyses of the data.
