Donnie Bagley and Jamie Bagley, of tribal Utilities, return the official Jefferson County Ballot Box back in place by the Agency Fire Station. This is an important move, as voting in the 2022 May Primary is now underway. Some weeks ago, when the moving company transferred the

Commissary building to its new location, the box had to be temporarily removed, as the Commissary is very wide. Kate Zemke, Jefferson County Clerk, stopped by later in the week to inspect the box, making sure it is conveniently located in compliance with all voting laws and regulations.
