TITLE IV CRAFT CLASSES

The Title IV Craft Class meets every Thursday after school. This month the Kindergarten thru 3rd grade class made totem pole containers and we talked about how important the cedar tree was to Native American people of the Northwest and the many uses they had for the roots, bark, and wood.

The 4th thru adult class started leather tooling and will be working on rounders (practices pieces) until their ready to start a project. We talked about the basic tools we would be using and how to prepare the leather for tooling.

GOOD JOB!!! to the Title IV students who were in the play. A special thanks to Margo George who helped with the play and showed up for every practice. A big thanks to each and everyone of you who helped make our Christmas party a success.

I am lining up a field trip to Portland OMSI to see a program on the Chinook Indians. If enough people are interested in attending we can get a bus so please let me know if you would like to attend.

Many Thanks  
Marion Henry
