ENROLLMENT

During the past month of March I have been trying to answer as many of the old back correspondence, pertaining to enrollment as I can. If anyone has written to us in the past and hasn't received an answer by now, the reason is simply that the information requested is not available because of the time period expiring with a different enrollment clerk in that position.

I had been sorting all of the tribal members by the State in which they live, in order to send out the new Health and Housing survey forms and enrollment forms. Both enrollment clerks, Kathryn Harrison and myself at that time mailed the enrollment forms to everyone out-of-state who we had an address for and a file on here at the Tribal Office. If you did not receive an enrollment form and are living out of the state of Oregon, please contact the tribal office and I will be glad to help you. Please return these forms as soon as possible.

All of our members of Oregon don't panic if you have not received your new forms yet. We are still setting up contact people in different parts of Oregon and you will be hearing from them soon or I will mail out enrollment forms to those persons not in the areas with contact people. We can only do this if we have them on file and also a current address for them. If anyone else needs enrollment forms, contact me at the tribal office.

To all of our tribal members who have been contacted and have the new forms, please get them completed and returned to us as soon as possible, as I have been taking all of this new information from these forms to help put together a statistical profile so we will be able to define a five county service area for our draft of the bill submitted to Congress. With the help of Alison Otis and two other students from Oregon State University we hope to learn how to make this profile up and put all of this new data in a coded form so that it may be put through a computer to help us compile the statistics from those forms.

A special thanks to Ada Brisbois for her thoughtfulness in sending \$2.00 for postage and copying expenses, and to Nadine McNutt for sending four stamps along with the current addresses of her four children. All of this is greatly appreciated very much.

Below is a list of the names of tribal members that I have a file on but no longer have the same addresses and have relocated. If anyone knows these persons whereabouts I would like them to contact me so that I can get a current address to mail their enrollment forms and Health and Housing forms also.

Marlene V. (Neault) Groshong	Jack Lash
JoAnn (White) Colton Coote	Loretta (Williams) Blackwell
Thomas Sells	Harvey David Haller
Linda (Bean) Hostler Simmons	Debbie O'Leary (Giffen)
Katherine (Langley) Olson	Rose Mary Trevino
Cheryl Ann (Allen) Kennedy	Betty (Lash) Hudson

I will be getting in touch with each of our contact persons on a weekly basis so I can up-date them with people in their areas that I have new to add to their current lists of tribal members and also so they can inform me of other members not listed that they found that need enrollment forms.

I would also thank all the help and efforts all of the contact people have shown in the past three months. Without their cooperation I am sure it would take a lot more time for myself to try and locate and enroll Our People. Again thanks for your time and concern for our brothers and sisters. I am sure they feel the same way too.
