

ENROLLMENT

During the past month of February we have been trying to set-up our contact persons in the designated area's of Oregon. After we have done this, then we will proceed as we have planned to, by following up on those contact people with a list of the persons we have addresses for. The contact person will then try to get in touch with each member and explain how the forms will be filled out, and if help is needed then they will be notified when a workshop will be set-up in their town with the contact person and also our Community Organizer and Tribal Enrollment Clerk will be there to explain in full detail the new 1981 enrollment forms and also the new health and housing forms for the head-of-the-household to fill out at the same time. If there is no contact person set-up for your town, and we have an address for you, we will mail out your enrollment forms to you.

A special thank-you to Ira Burgess for sending me stamps to help out on our postage towards enrollment. It was a very thoughtful gesture and greatly appreciated.

ATTENTION KELLY LAZORE!!!

Please contact me as soon as possible about your request on your family's enrollment forms. I mailed the forms to the address you gave me and they came back to me. I also tried to call you and got the same response, no one there by this name. I would appreciate it.
