

Enrollment

We have enrolled approximately 290 members eligible for enrollment who met the eligibility requirements outlined in our constitution. If you have filled out an application and have not received a roll number, it could be that I may not have submitted your application to the enrollment committee because you may need more documentation to accompany it. I will try to let you know by mail if this is the case.

I have found that I will be able to obtain death certificates to remove deceased members off the tribal roll. I will still need to get the approximate year these members passed away, where they were living at the time, and if they were married, their spouse's name. If you have this information on tribal members that have passed away, it would be greatly appreciated if you would send this information to me.

The following people have moved and have not sent in their current address to us. In order for me to send their roll numbers to them I need their current address, or an address where I can send it in care of. If anyone knows where these people are, please let them know I need their current address. Thank you!

I would like to stress that it is very important for you to let us know when you move, so we may keep you informed on what services and benefits you may be eligible for as tribal members through the newsletters, flyers, etc...
