Education

During the months of June, July, August and September, the Education Program received a total of 36 inquiries concerning Higher Education, Adult Vocational Training, Employment Assistance and Adult Educational Services and Assistance.

A total of 86 application packets were mailed or distributed to potential students for the 1986-87 school year. Approximately 33% of these applicants began steps toward finalizing enrollment procedures at various Oregon colleges, universities, community colleges and training institutions for the upcoming year.

Reviewing applications, it appears the CTGR will have approximately 9 students enrolled in Higher Education programs; 13 enrolled in Vocational Training and 10 receiving Adult Educational Assistance (GED/ABE) for 1986-87.

Results of the 1985-86 school year show the following:

- * of the 9 students who started (Higher Education) school during Fall '85 Term or Winter '86 term, 4 finished out the year;
- * of the 7 students who started (Employment Assistance-Adult Vocational Training) school/training in the Fall '85 or Winter '86 terms, only 2 finished out the year;
- * no students participating in Adult Education classes (GDE/ABE/Basic skills, etc.) during Fall '85; but 5 students were enrolled in Adult Education classes by July 1986.

Students who haven't yet completed their applications for tribal assistance by Sept. 2, 1986 are being placed on a waiting list. A deadline of November 15, 1986 is being set for Winter term enrollment. For more information regarding winter term assistance, contact the Education office at 879-5253.
