

## EDUCATION (continued)

10 - students enrolled in Higher Education programs.

Additionally during the 3rd Quarter, Adult Education classes were provided for 4 students in the areas of G.E.D. completion; Basic Skills Review in Reading, Math & English; and Self Improvement in Writing & English. Classes will continue to be offered during the months of August, and September.

Due to increased interest Adult Education classes will be expanding to possibly include: Writing classes, Basic Computer Skills classes, and Pre-College & Orientation classes. People interested in participating in Adult Education classes need to contact the Education Specialist for application information and eligibility criteria.

### CHANGES IN ADULT VOCATIONAL TRAINING & HIGHER EDUCATION

Students applying for grants and loans to attend higher education institutions will be undergoing some changes in the future. Many of Oregon colleges and universities will be requiring students to actually provide 100% proof of their financial need. Currently colleges require and approximate proof percentage of 70%. In the future students will need to verify actual needs as they may list on their Financial Aid Forms and applications for financial assistance from the colleges.
