

GENERAL MANAGER'S REPORT

New Staff

We are pleased to announce that Greg Archuleta has been offered the position of Hunting & Fishing/Newsletter person. Greg is a graduate of the University of Oregon with a degree in journalism. Greg will begin full-time on Monday, January 19, 1987. He can be reached at 879-5215 in the Depot Office.

Business Development

The following information for the 1987 Business Grants Match reflects the changes in this program from 1986. The new 60-40 match appears to be a more realistic approach to Indian business development. If you are interested in obtaining further information on BIA business development programs, please call the tribal office at 879-5215.

1987 - Allowable Match for Individuals and Tribes (Grant applicant has to provide 60% match before a grant can be considered.)

BIA Grant (up to) & applicant's cash	40%
*In-Kind (Assets)	
**Other Sources	60%
Total Project	100%

* In-Kind is acceptable in the form of cash or assets to be used in the business. But it reduces the 40% grant.

**Other Sources - excludes BIA monies as part of the match. The following are acceptable:

- 1) Bank loan
- 2) Other Federal monies
- 3) Joint venture - cash
- 4) Tribal relending (for individuals)
- 5) Tribal loan
- 6) Gifts, private loans, contributions

Sample: Individual

Grocery Store total project cost	\$250,000
Applicant must obtain at least 60%	150,000
Applicant's Share (40%) =	100,000
Cash	\$10,000
In-Kind	50,000
BIA Grant	\$ 40,000

Grandparents: Pete & Val Grout

1988 BIA Budget Initiatives

The FY 1988 budget request for the main operating account, Operations of Indian Programs, totals \$910.2 million, about \$11.0 million less than the current 1987 estimate, or about a one percent reduction.

Included in this request are four major initiatives: moving education away from BIA control to local communities; an economic self-assistance/self help program that is intended to reform the general assistance grant program; increased assistance to small tribes through revenue sharing; and control of drug and alcohol abuse through motivation and rehabilitation.

On the surface these initiatives appear harmless, however, some criticism has been raised, particularly on education. We will continue to follow the formulation of these initiatives and provide updates through the newsletter. Input from tribal communities will be important for policy development regarding the initiatives.

USDA DISTRIBUTION SITE CLOSED

The Salem USDA food distribution site, operated by the Siletz Tribe, has closed. Jim Butler has volunteered to pick up USDA food for tribal members. Call the tribal office, 879-5215, at least two days ahead of time to arrange pick-up. Otherwise, tribal members will need to pick up the food at the warehouse in Siletz, or in South Beach, outside of Newport.

CONGRATULATIONS!!!

Navy Seaman Recruit Randall L. Leno, son of Tribal Council member Russell Leno, has completed recruit training at Recruit Training Command in San Diego. Randall will relocate to Alameda, California and is assigned to the nuclear power aircraft carrier, U.S.S. Enterprise.

BIRTH ANNOUNCEMENTS
