

ENROLLMENT - F/W - POW WOW

ENROLLMENT REPORT

Dear Fellow Tribal Members and Friends;

I hope that the New Year is filled with joy for you and your families. Strong families are needed to contribute to a productive tribe.

I have started to enter our enrollment records into a computer program for more efficient service. I hope to keep the information up-to-date, but I cannot without your help. I have requested that clients inform me of name and address changes. Many have sent their current information in, and I really appreciate it. Those who haven't please do so.

An accurate membership roll is very important to our tribe. It is the source of documentation used to determine the amount of federal aid allocated to tribal governments. It is also the source that determines our tribal needs for programs. I am requested to provide statistics on age groups and residency for the health, education, housing, and social services programs. If I do not have the correct information to compile, an inaccurate needs assessment could be made. To benefit from tribal programs, you must first be counted.

I have been working with the Enrollment Committee to correct our tribal roll. Deceased members must be documented, birth dates and blood quantum corrected, and names changed. There are set procedures for each area of enrollment correction. I will gladly explain any area and send update forms on request. If I can assist you in acquiring an address for a tribe, vital records unit, etc., please let me know.

The tribal I.D. cards are still being issued to members who are 11 years and older. Appointments are recommended, or phone ahead to be sure that an issuing officer is in. Remember that our office is closed from 12 noon to 1:00 p.m. If you have any questions, please call or write to me in care of our tribal office.

Sincerely,

Margo George
Enrollment Director

FISH AND WILDLIFE

Tribal members will need to pick up their 1988 Hunting and Fishing stickers at the office. Tribal members, please remember that to be eligible to hunt and fish in 1988, you must have the annual sticker.

Unfortunately, about 40 tribal members have lost their hunting privileges from January 1, 1988 to January 1, 1989. These people failed to return their hunting tags by the designated deadline.

Tribal members are required to return their tags because the tribe is required to report to the Oregon Department of Fish and Wildlife on the number of tags issued and the number of kills annually. These tribal members have lost their hunting privileges only and not their fishing privileges. If you have not turned in your hunting tag, or reported a kill with your tribal tag, please do so as soon as possible.

The Fish and Wildlife Committee and Tribal Council have made some changes in the Tribal Fishing, Hunting and Gathering Ordinance. These changes will be incorporated into the Tribal Handbook. A new handbook will be given to tribal members when they pick up their annual stickers.

TRIBAL MEMBERS,

**BE SURE TO PICK UP YOUR 1988
HUNTING AND FISHING STICKERS.**

CALL GREG AT 879-5211 FOR INFO.
